### **§ 10.13 List of Migratory Birds.**

Link to an amendment published at [88 FR 49317](#), July 31, 2023.

**(a) *Legal authority for this list.*** The legal authorities for this list are the [Migratory Bird Treaty Act \(MBTA; 16 U.S.C. 703–712\)](#), the [Fish and Wildlife Improvement Act of 1978 \(16 U.S.C. 742l\)](#), and the [Fish and Wildlife Act of 1956 \(16 U.S.C. 742a–742j\)](#). The MBTA implements Conventions between the [United States](#) and four neighboring countries for the protection of migratory [birds](#), as follows:

**(1) *Canada:*** Convention between the [United States](#) and Great Britain [on behalf of Canada] for the Protection of Migratory [Birds](#), August 16, 1916, [39 Stat. 1702](#) (T.S. No. 628), as amended;

**(2) *Mexico:*** Convention between the [United States](#) and Mexico for the Protection of [Migratory Birds and Game Mammals](#), February 7, 1936, [50 Stat. 1311](#) (T.S. No. 912), as amended;

**(3) *Japan:*** Convention between the Government of the [United States](#) of America and

the Government of Japan for the Protection of Migratory Birds and Birds in Danger of Extinction, and Their Environment, March 4, 1972, 25 U.S.T. 3329 (T.I.A.S. No. 7990); and

**(4) *Russia*:** Convention between the United States of America and the Union of Soviet Socialist Republics Concerning the Conservation of Migratory Birds and Their Environment, November 19, 1976, 20 U.S.T. 4647 (T.I.A.S. No. 9073).

**(b) *Purpose of this list*.** The purpose is to inform the public of the species protected by regulations that enforce the terms of the MBTA. These regulations, found in parts 10, 20, and 21 of this chapter, cover most aspects of the taking, possession, transportation, sale, purchase, barter, exportation, and importation of migratory birds.

**(c) *What species are protected as migratory birds?*** Species protected as migratory birds are listed in two formats to suit the varying needs of the user: Alphabetically in paragraph (c)(1) of this section and taxonomically in paragraph (c)(2) of this section. Taxonomy and nomenclature generally follow the 7th edition of the American Ornithologists' Union's (AOU, now recognized as American Ornithological Society (AOS)) *Check-list of North American birds* (1998, as amended through 2019). For species not treated by the AOS *Check-list*, we generally follow *Clements Checklist of Birds of the World* (Clements et al. 2017).

**(1) *Alphabetical listing*.** Species are listed alphabetically by common (English) group names, with the scientific name of each species following the common name.
