## POLICE MALFEASANCE

The Huntsville Police Department has a long and sordid history of abuse of office, malfeasance and failure to investigate crimes.

### SOME EXAMPLES

1. \$100,000 was stolen from me by three bad actors, making the theft a RICO crime in my opinion. The theft is fully documented with an irrefutable “paper trail”

The packet of proof was given to Aron Kulhavy, who told me he gave it to the police. Nothing was done to arrest the perps and return the money to me.

2. “Christians” were caught on security camera tape ripping down our church’s anti-death penalty sign and stomping on it. The police never investigated. Later another “Christian” stole the sign and my guard got the license number and the police made him give it back but refused to even charge him \$5.00. Chief Lunsford refused to charge him \$5 because “once saved, always saved, you can never be unsaved and all future sins are pre-forgiven in advance.” So the theft was pre-forgiven according to Lunsford.

3. Our museum security man was living in the 1831 log cabin when he got word that someone had kicked open the locked door. Choo Choo called HPD to come and investigate. When they got to the crime scene, they threw Choo in jail.

4. HPD refused to arrest the druggies, thieves and arsonists that had invaded our home at 1700 Ave S and eventually blew it up. When we were forced to meet with corrupt city officials, a couple of police cars would drive around and around the block in an obvious attempt to harass me.

5. Every time I have had to call HPD when John Kerr Smiither's contractors or other workers were ordered to invade our museum property and destroy thousands of dollars worth of native plants and trees, the police refuse to even make the trespassers and vandals stop.

The most recent attack was when cancer causing chemicals were poured on the vegetation at the entrance to our easement on Sam Houston Ave. The enviro police told me that they are not allowed to investigate enviro crimes in Huntsville.

6. Since Aron Kulhavy refused to either terminate Chief Lunsford or at least order him to cease and desist from refusing to arrest the druggie gang, which was totally unethical and illegal to condemn me to Hell and allow known criminals to run rampant in the house as well as a druggie camp in the woods behind the house.

After the fire there was no effort by HPD to arrest the trespassers and thieves that kept going in and out of the house and taking whatever they wanted.

7. We have been the victims of multiple crimes since we moved to Huntsville in 1950 and the only person thrown in jail has been me.

8. Roy B. Hudspeth shot our Weenie dog in 1950, crippling her so that she had to drag her legs behind her for the rest of her life.

9. When we returned from military service in 1974, we decorated our home with statues from Vicenza, Italy which were stolen.

10. Fraternities are not allowed in our houses due to serious vandalism. Pi Kappa Alpha took chainsaws and cut out load bearing walls and stole the copper out of the 3 central A/C systems. The college kicked them off campus and it was promised to me that they would only be allowed to return to SHSU when they paid the \$85,000 in damages. They paid not one penny and SHSU let them back on campus. HPD ignores vandalism by fraternities.

11. My mother was hit by a bb just below her eye while traveling down Ave.O. The perp was Walter Gintz. Of course nothing was done to him, so when I saw a teenage boy shooting birds on our properties, I told him that it was illegal to shoot songbirds. I told him I would like to speak with his father so we walked to his house and I asked the father to please tell his son to quit shooting song birds and left. Shortly thereafter HPD sent cops to threaten me with arrest for telling the son to stop killing song birds.

12. We had expensive Koi in the 1890's fountain in our Prayer Garden. College kids poured soapsuds into the fountain and killed the Koi. We bought more and they killed those too.

13. The door to our Museum of African Museum was kicked in and the crime was caught on security camera but HPD did nothing.

14. Our on-site security man is given \$100 for each criminal he catches and that are taken to jail. Broderick Davis has a habit of placing criminals in his police car and letting them go in "The Hood". Choo Choo has lost at least \$400 due to this malfeasance.

15. We got word that thieves had entered one of our apartments and were removing the contents and placing the items in a box truck. We printed out our landlord lease and lien to prove that the items were held under the terms of the lease and lien until the tenant paid the back rent he owed. Broderick Davis came and we asked him to order the thieves to put the items back. None of them were listed on the lease. The lease holder was not present.

Davis treated them like long lost brothers and told them that they could take everything out of the apartment.

## BOTTOM LINE

The listed events are just the tip of the iceberg. The most horrific crime was the murder of our daughter that took place on March 30, 2001. The crime scene was not properly secured. We had been attempting to obtain the documentation associated with the crime but to no avail except a copy of the EMS report and after eight months of being lied to, we finally got a copy of the autopsy.

She had 13 blunt force trauma wounds on her body and an abrasion on her right thumb.

According to witnesses she had been thrown out of the car and into the dirt by the chief suspect, who was hostile toward me and seemed to be high and drunk. We asked HPD to drug and alcohol test him. HPD gave him exclusive use of our "safe house", her cell phone, computer and her files for over a week. He had been driving around with our nine year old granddaughter, the evening of Karen's death..

Latex gloves had been discarded on to the ground and we were told that they had been discarded by EMS. The neighbor, who knew CPR was not allowed to touch her to see if she was still alive.

She came to our church on March 20, 2021 to celebrate her divorce but for some reason that will be quite evident,, there was a huge sum of money involved if he was still technically married to her.

He had defrauded us out of at least a million dollars and had promised to repay the \$100,000 at closing of a property sale in Livingston.

Some of her personal property and community property was sold for \$1.7 MILLION and he received \$600,000 in life insurance as well.

We all believe that she had a will that would have been in her files in the “safe house”, but the authorities said that she committed suicide which no member of her family or her many friends believes. She seemed happy when I called her just hours before her death.

Her husband signed a notarized document saying that he was a “SINGLE ADULT” in order to defraud Karen’s estate out of her share of the homestead community property on October 28, 2019.

By law, (if she really died intestate), her son William should have received 25%, but he received nothing except his life insurance that her husband attempted to convince USAA that the money should be sent to him.

# CRIMES THAT KAREN'S HUSBAND SHOULD HAVE BEEN CHARGED WITH THAT DIDN'T INCLUDE MURDER

1. Threatening at least two of her friends with death in e-mails.
2. Stealing \$100,000 from me with complete paper trail with the help of two accomplices.
3. Abuse of a corpse.
4. Being high and drunk while driving a vehicle with a nine year old child.
5. Attempted fraud by trying to trick me into signing a release in order to be given the check for my \$100,000.
6. Cheating Karen's son out of his rightful inheritance.
7. Pulling a "Trump" by misstating the value of Karen's estate.
8. Fraudulently inducing us to invest hundreds of thousands of dollars based on lies about the financial strength of the trailer factory. Paper trail available as proof.

### Chief Lunsford gets ready for retirement

July 2022

Chief Kevin Lunsford has announced that he will retire at the end of July after serving four decades as a career officer for the Huntsville Police Department. A public reception has been planned for July 29 from noon to 2 p.m. at police headquarters. His office now has a different address than the station did when he started. The new state-of-the-art facility is just one of the positive steps the department has made under his watch.

"One of the things I'm most proud of is the inter-agency relationships that we have in this county between the police department, the sheriff's office, University police, OIG and other law enforcement agencies. We work well together and that cohesive relationship is a huge benefit. I've also had support from the city and the opportunity to work with absolutely wonderful people," said Lunsford.

Lunsford was a recent recipient of the Law Enforcement Lifetime Achievement Award from the 100 Club of Houston, which covers a 32-county region of Texas.

"I think you just know when it's the right time. Things are going well. We've gotten a lot of things accomplished," said Lunsford, who began as a patrol officer at the age of 19.

"I come from a family of law enforcement. The opportunity presented itself and it was intriguing at the time. I was young and it sounded exciting," Lunsford said.

Three years later, Lunsford became a detective. He was promoted to the rank of sergeant after two years and served as a sergeant for almost 20 years. He was a patrol sergeant, a training sergeant, an administrative sergeant, and a special teams sergeant for bike, K-9 and SWAT units. Additionally, Lunsford was the emergency management coordinator for the city.

According to Lunsford, the perks of the job have included, "providing a service to the community and doing something new every day."

He reached the rank of lieutenant, commanding the Uniformed Services Division for two years, then commanded the Support Services Division that conducts investigations for three years. After the previous chief retired, Lunsford was appointed the Interim Chief of Police. Within 3 months, he became the Chief of Police and served in that role for 12 years.

Lunsford earned his Bachelor's degree in Criminal Justice and a Master's degree in CJ Leadership and Management from Sam Houston State University, where he has also taught during his time as chief. He is also a graduate of the Leadership Command College of the Law Enforcement Management Institute of Texas. He is now a member of the executive board of the Texas Police Chief's Association as liaison with the Law Enforcement Management Institute of Texas and a member of Forrest Masonic Lodge #19 in Huntsville.

HUNTSVILLE, Texas (AP) — A former police officer has filed a federal lawsuit against the department that fired her, accusing department officials of firing her for making sexual harassment complaints against her supervisor.

Kimberly Webb filed the suit in federal court in Houston against the Huntsville Police Department and Chief Kevin Lunsford, accusing both of sexual discrimination, harassment and retaliation.

Webb was with the department from March 2013 until last May. She says despite earning positive reviews and promotion to senior police officer, she was “dishonorably discharged” after she made her third sexual harassment complaint against her supervisor. The supervisor was reduced in rank from sergeant to police officer the same day.

Webb is seeking back wages and benefits and other compensation for damages. The attorney for Lunsford and the police department declined comment.

### Darryle Slaven named as the Huntsville Chief of Police

Brenda Poe, Editor  
Dec 2, 2022

Huntsville's new Chief of Police is Darryle Slaven.

Facebook Twitter LinkedIn Pinterest Email

The Huntsville Police Department has a new leader after the retirement of Kevin Lunsford in early 2022. Darryle Slaven, who has been serving as interim police chief, has been Assistant Chief.

City Manager Aron Kulhavy said Chief Slaven has shown to be well respected in the law enforcement community, the other departments of the City, and the residents of Huntsville. Chief Slaven has worked for the Huntsville Police Department for almost 34 years previously serving as the Interim Chief of Police.

"He has achieved numerous noteworthy achievements throughout his career. The Huntsville Police Department is a well-respected part of the City organization and will continue to provide the best service to citizens under Chief Slaven's direction," said Kulhavy through a press release.

Following a review of his qualifications, performance as interim, and many conversations with both citizens and staff, Kulhavy decided to remove the interim tag and name Darryle Slaven as the Chief of Police.

"I have complete faith in Chief Slaven in leading the HPD towards what the future holds for us," said Kulhavy.

Chief Slaven has worked for the Huntsville Police Department for almost 34 years. He has achieved numerous noteworthy achievements throughout his career. He attended McNeese State University on an Army ROTC scholarship and obtained a Bachelor of Science degree in Criminal Justice in 1988.

He was commissioned as a 2nd Lieutenant in the U.S. Army in 1988 and attended the Adjutant General Officer Basic Course in Indiana, graduating in early 1989. He began working with the City of Huntsville in May of 1989 and took Command of the 15th Water Purification Detachment (Army Reserve Unit), also located in Huntsville.

Chief Slaven completed the Harris County Sheriff's Academy in 1989 and started as a patrol officer with the Huntsville Police Department. As Commander of the 15th Quarter Master Detachment, he was activated/deployed for Desert Shield/Storm from October 1990 – July 1991. The 15th Quarter Master Detachment was awarded the Meritorious Unit Citation for its achievements during the conflict.

Chief Slaven returned to the patrol division of the Huntsville Police Department and completed around 11 years as a patrol officer. He then transferred to the Criminal Investigation Division and served as a Financial Crimes Detective for approximately two and a half years.

In late 2002, he was promoted to Sergeant, and later promoted to Lieutenant over the Support Services Division in early 2007, until 2010, when he was promoted to Captain. He served as a Captain for almost one year when the position was reclassified to Assistant Chief, where he served through July 2022 for approximately 12 years. Additional duties held by Slaven while serving with the Huntsville Police Department included TCOLE Instructor, Firearms Instructor, Field Training Officer, and Intoxilyzer Operator.

Chief Slaven currently holds a Master Peace Officer license obtained in 2000. He graduated from the Law Enforcement Management Institute of Texas (LEMIT) in 2005. He also has over 5,600 training hours with TCOLE.

"I am very honored to have the privilege of serving as Huntsville's next Police Chief. I really appreciate the overwhelming support from the community and the leaders of our great city," said Chief Slaven. "I feel that the former Police Chief, Kevin Lunsford, has been an outstanding friend/mentor which will hopefully allow for a smooth transition. I am blessed to have such a good team of employees to work with, which definitely makes my job easier."

## NO CHANGE IN LEADERSHIP AT HPD

After HPD Chief Lunsford committed what I considered to have been both ELDER ABUSE and a HATE CRIME based on me NOT being a Christian so that he could justify condemning me to HELL I was quite frankly afraid to personally call HPD about the druggies that had invaded 1700 Ave S. and was relying on the neighbors to call HPD.

I did visit with Aron Kulhavy and asked him to terminate Lunsford for his unconstitutional abuse of office, or at the very least demanded that Lunsford clean out the druggie den which would have saved our house if he had done so.

But, no. HPD would do nothing to protect our neighborhood or out property.

When the neighbor to the left would call me in the middle of the night and wake me up, ordering me to deal with the druggies, I told her that there is no way that I am going to drive over 50 miles round-trip to endanger my life and for her to call HPD and have them arrested. I thought for sure that Joe Henderson had enough political pull to have the problem solved, which would have saved our house from being blown up.

The neighbor on the right takes pleasure in harassing me and she bragged as such to Jenny Zeltner, my office manager.

Tom Angel did call HPD more than once and to my knowledge none of the druggies, thieves, and arsonists ever went to jail.

So when Chief Lunsford "retired" in July 2022, I was hoping that an ethical policemen would become the new chief and clean out the druggie den and also conduct a professional investigation into the death of our daughter on March 30, 2021,

But unfortunately, Aron Kukhavy appointed Darryl Slaven to become the new chief. Slaven had been Assistant Chief and he should have been fired after he orchestrated a gang of cops to assault me in front of my office and throw me in jail for documenting crimes on our properties as told for me to do by my attorneys.

Interesting that Slaven had worked in the Criminal Investigation Division and a Financial Crimes detective. At HPD.

Slaven had the entire paper trail proving the theft of \$100,000 from me and the evidence of financial fraud of around a million dollars was also available to him,

We so far have zero evidence that a professional investigation took place in regard to the death of our daughter that we believe was a homicide based on the autopsy that we finally got a copy of some 8 months later. Females do not commit suicide by beating themselves half to death before shooting themselves in the heart.

We are certain that normal protocol was NOT followed by HPD and we do not believe that the chief suspect was ever confronted or investigated.

Because of Slavin's lack of professionalism, we believe that he should be replaced with a person from outside the counties under "mob" control, them being Walker, San Jacinto, Polk, Trinity and we recently learned that Grimes County had joined the "mob".

Montgomery County has a bad track record of abuse by law enforcement.

Montgomery County Sheriff, Joe Corley (1981-1993) threatened to have me killed if I testified at a Congressional Field Hearing.

Therefore, I believe that a search for an honest, experienced Chief of Police should take place in counties that have no ties with Walker County.

Special care should be taken to insure that Huntsville does NOT hire another member of a fanatical religious cult.

George H. Russell, Bishop
