Much of the hatred, bigotry and crimes against me stem from the sign at our Chapel of the Nativity property. The sign has three religious symbols on it: STAR OF DAVID, CHRISTIAN CROSS, AND MUSLIM CRESCENT MOON.

One of the haters, Walt Ringler, hated the STAR OF DAVID so much that he told me that he was going to sell out and move away because it made him so sick to see it as he passed by on the road out of Waterwood. He was, for a time, a WIA (HOA) Board Member and on midnight of his huge (I think 70th birthday party to which of course I was not invited) someone firebombed a tree on my aged parent's back deck.

More recently my wife was driving toward town and she noticed a fire burning toward the sign that the right-wing Christians in Waterwood seem to hate due to the STAR OF DAVID and in their belief that JEWS KILLED JESUS.

If any resident of Waterwood attends our Church Services they are immediately ostracized and shunned, never being allowed to participate in any activities in Waterwood.

Some have moved away which set the tone that insures that no one else will make that mistake again.

Only one also hated member of Waterwood dares to attend our Church Services.

According to the Chief of Police in Huntsville, I am going to burn in the fires of Hell because I am not a Christian so he maliciously allowed a gang of druggies to invade our \$600K rent house at 1700 Ave S, destroy the interior, terrorize the neighborhood, set up a druggie camp in the woods behind the house and eventually set it on fire and virtually blow it up when the meth lab in the basement exploded. He knows the names of the two arsonists yet will do nothing to them as far as I know.

Our daughter was, we are certain based on the autopsy, murdered just before Easter and neither the police nor the DA has conducted a proper investigation.

When our Church's anti-death penalty sign was vandalized and later stolen by Christians, the Chief told me that they hadn't done anything wrong because Jesus is in favor of the death penalty, even for innocent people, so that "they can be with Jesus sooner."

And of course I have been labeled as a Pagan because I believe that all Creation is Holy.

I will forward the message I transmitted to the HOA on 25 December 2022.

Because of the hatred of The Universal Ethician Church, our lives have been a living hell for at least 17 years.

Attn: Church Arson Investigators:

On the night of Dec 21-22 person or persons burned our historic 1845 Harrell Plantation - Church building to the ground. All of our security cameras had been repeatedly stolen but the sheriff in San Jacinto County is totally corrupt and refuses to investigate any crimes against our Foundation, our Church or our persons, including lying to the Texas AG and telling him that he has no records of any crimes committed against in or around Waterwood (San Jacinto County, Texas) in the 23 years that we have lived there.

The historic log building was on our Chapel of the Nativity property, which over the years had been the victim of repeated crimes, including vandalizing our Prevost Motor Home twice and stealing copper wire, batteries etc. We knew the name of the chief suspect and where the materials were sold-- a scrap yard in Point Blank, Texas yet the authorities would not investigate.

One Christmas, the plexi-glass at our 1890 log chapel was broken and the security alarms sounded, we were told for nearly half an hour but no one alerted Waterwood Security or the San Jacinto County Sheriff that we are aware of.

At least 5 security cameras were recently stolen from the chapel grounds and so when the 1845 log building was burned there were no cameras to record the arsonists.

I was recently told that a suspicious character was encountered by a person that walks his dog on the 10 acre chapel site and that the guy told him that he makes sure that our cameras are not working. The suspicious person was allegedly a veteran and the person with a history of committing hate crimes against our church is a retired Air Force Veteran, named Ricky Harwell, but from the description the two are not the same person.

Allegedly he was X-military and our chief suspect, Ricky Harwell, who has committed millions of dollars in outrageous crimes against our church and foundation properties IN CONTEMPT OF COURT, is also X -military and had attempted to extort \$750 from our foundation on the 20th of December so is our chief suspect in either burning the irreplaceable historic plantation/church building to the ground. The building's religious significance is that it was a place of worship when there were only around two church buildings in the entire State of Texas, and Methodist Circuit Riders would visit the various plantations and conduct religious services.

The torched building was associated with Sam Houston and Choctow Indians and couldn't be replaced for even a million dollars in my opinion as Preservation Specialist Emeritus, Walker County Historical Commission.

I do not believe that anyone from the Sheriff's Department investigated but the county Fire Marshall did come for a look around and later two State Fire Marshall's came and visited with our electricians, took some photos and flew a drone over the ruins but didn't bring a sniffer dog so I have no idea where that investigation is other than the fact that the building only had three led security lights and had been thoroughly inspected by our licensed electricians about two weeks before the fire in an attempt to provide more security lighting since the doors to the log building had been kicked in twice in one week just days before the obvious arson fire.

Our floating church an 84 foot long Steamboat, was recently vandalized and anything of value was stripped out of it including a functional WWI spotlight that the thieves attempted to sell on line but they got wise to our efforts to purchase the spotlight as proof and disappeared except one of the stolen cameras was kept on at their property for several days, taking photos of the thieves and transmitting the photos to us.

Our Foundation owns a "beach house" that looks onto our church owned HOLY TRINITY WILDERNESS CATHEDRAL and houses a person in charge of security. A trespasser, crossed over our property, took aim at our beach house and shot it up. Fortunately the resident was out fishing but could have been injured or killed as the bullet shattered the sliding glass door and traveled through the house, hitting the refrigerator and kitchen

cabinets. The crime was investigated by both "corrupt" Game Wardens and at least one Deputy and the shooter was known but according to the Sheriff the crime never happened but word on the street is that the shooter was Ricky Harwell, the same HOA Board Member, that irreperably damaged millions of dollars worth of trees on our Church and Foundation properties in CONTEMPT OF COURT.

Our sacred Native American worship site has also been vandalized in the past but even worse I was threatened with 124 years in jail and a \$103,500 fine for legally and in accordance with State Law, placing purple stripes on trees in our Church owned Veterans Cemetery where veterans, their families and their pets can have free burial and where numerous crimes had taken place -- most recently the poaching of a deer on our Church cemetery property.

Virtually all crimes committed against my handicapped 76 year old wife, and me, and to our Church and Foundation, can be traced to the local HOA. Said crimes including being shot at multiple times, two false arrests for criminal trespassing on our own deeded property, being held hostage multiple times, multiple assaults, having evidence to crimes being stolen and on and on. The corrupt DA, corrupt Sheriff, corrupt Constable, and some corrupt District Judges make it impossible to get any help from local law enforcement.

WHY? We refused to sell out to billionaires out of Dubai, their partner Joe Nocito, that Forbes Magazine reported that Nocito owed the IRS mult-millions of dollars and two wealthy women from Highland Park. The plan in 2004 was for our 12 miles of extremely valuable waterfront property on Lake Livingston and at that time over around 2,500 acres was to have become the third DISNEY CITY in the US. Phase One was to have been \$1.6 billion in taxable development, thus making everyone in Waterwood instant milionaires.

We used our life's savings to purchase and protect just a little remnant of GOD'S HOLY CREATION -- not to create another Disney City like Anaheim, California or Orlando, Florida

Our beautiful daughter was killed, we believe by her estranged husband, so that he could collect around \$600K in life insurance and her valuable community property. We buried her on Easter Sunday and the very next day the same HOA official destroyed hundreds of thousands of blooming wildflowers on GOD'S GARDEN PARKWAY in CONTEMPT OF COURT. Our Church had owned God's Garden Parkway but our of threats, harassment and financial and emotional duress coming from the HOA finally agreed to sell the HOA God's Garden Parkway, which is still CONSECRATED with its over 130 native species upon condition that all of God's Holy species be protected by the HOA, but after we buried our daughter who was to have taken over our Church and Foundation natural areas upon our deaths and who loved the beautiful wildflowers and other native plants, the HOA has repeatedly mowed down any flower that dares its head.

The HOA, of which our church and Foundation properties are not a part, meets ALL OF THE CRITERIA to be ORGANIZED CRIME and the three persons who more recently stole \$100,000 from us also meet the definition of ORGANIZED CRIME but we have been unable to get help from any law enforcement agency in either Walker or San Jacinto County for at least since I left active Military Service in 1974.

To get help from the FBI or the Texas Rangers we have been told that they have to be requested by the DA and in both counties both the DA's and the Sheriffs are corrupt and would be totally scared to call in law enforcement from out side their control.

There is a great deal of documentation to be found at www.georgerussell.net.

We urgently need help, especially in those areas that the ATF has been tasked with to investigate, such as CHURCH ARSON, and hopefully place the "organized criminals" in custody.

The Universal Ethician Church is not a "Christian Church" but instead is a church of

world peace between all humanity and considers all of God's Holy Creation to be Sacred which is also a primary reason to be hated.

The HOA has, in CONTEMPT OF COURT, totally destroyed our FIRST AMENDMENT RIGHTS and refuses to allow us to attempt to protect our church properties from poachers, vandals, arsonists, thieves or other criminals and refuses to allow us to even erect a beautiful church sign with a quotation by Jesus, who is very important to our religious beliefs as a man and not a god.

Our church and foundation and my wife and I, has had to spend hundreds of thousands of dollars in the legal defense of our sacred properties.

PLEASE HELP!!!!

P. S. If you have an investigator that needs a place to stay since Joe Nocito destroyed the \$30 million dollar country club, hotel, restaurant, marina store and gas facilities because we refused to sell out to his partners to establish the third Disney City, you can stay in our guest house at our INSTITUTE FOR STRATEGIC BIOSPHERIC STUDIES CONFERENCE CENTER at no cost to the ATF or any other associated agency tasked with looking into the chronic HATE CRIMES that we have had to endure since 2004 if you are allowed by law to accept free accommodations.

I will be visiting with the AG about Elder Abuse and I believe that threatening me with jail for no legitimate reason in regard to public safety meets the definition of ELDER ABUSE.

There are EXTREMELY UNSAFE BUILDINGS IN HUNTSVILLE where people could easily be trapped and killed: One of the worst is John Ker Smither's Bed and Breakfast on the north side of the square. There is ZERO possibility of escape in the event of a fire. Another extremely DANGEROUS building is the four story Sam Houston Antique Mall with ZERO escape from any of the floor in the event of a fire..

And by the way, Danny Pierce's junk building has broken asbestos tiles inside. When I met with the City when I bought the meth house, whore house and crime HQ on Sam Houston Ave. I was promised that the City would not harass me for cleaning the buildings up and restoring them, but NOOOO, there were asbestos tiles on the floors and I was cited and it cost me a fortune to deal with what is inside virtually every old building in Huntsville, so it stands to reason that to be fair the City should cite Danny Pierce and force him to abate the asbestos floor tiles.

Several years ago I watched as John Kerr Smither smashed asbestos siding from one of his buildings. The workers didn't have the benefit of masks to avoid inhaling the crushed asbestos tiles.

Lloyd Miller has entered into, threatening me for no reason, which is, in my opinion ELDER ABUSE.

All that had to be done is for Aron Kulhavy to call me for an update on progress in making the structure more appealing to the public, and letting me know if there were any GENUINE safety issues rather than an encyclopedia of NONSENSE.

IT IS NOT A RESIDENCE and if it ever becomes a habitation again, it will be upgraded to meet any and all legitimate codes.

In Waterwood, when being harassed because we refused to sell out to the billionaires out of Dubai for the THIRD DISNEY CITY IN AMERICA, I have been forced to SUE SEVERAL OF THE PERPS PERSONALLY, which usually results in them backing off and even moving away, because I do NOT sue anyone that is not ILLEGALLY HARASSING AND INTIMIDATING ME.

Please order Lloyd Miller to CEASE AND DESIST FROM FURTHER THREATS AND HARASSMENT, which to me amounts to a HATE CRIME against 76 year old senior citizens, one of whom is confined to a wheelchair.

My book as finally been published that points God's finger directly AGAINST the christian taliban chief of police that uses his religious insanity as a weapon to destroy me. He needs to be FIRED FOR JUST CAUSE IMMEDIATELY!!

It is totally UNCONSTITUTIONAL for him to use RELIGIOUS ZEALOTRY AND EXTREMISM TO HARASS AND PUNISH ME BECAUSE AS HE SAID, i am going to burn in the fires of Hell because I am NOT A CHRISTIAN!!!

His use of the bible to condemn me to hell is a FEDERAL HATE CRIME in my opinion.

I will bring you a copy of my new book that the Chief's religious terrorism influenced my decision to write and publish: SATAN'S GREATEST LIES and THE ETHICIAN BIBLE.

I got a letter harassing me about 1700 Ave S. IT IS STILL A CRIME SCENE and is POSTED. The meth lab blew up because the religious nut job Chief of Police REFUSED TIME AND TIME AGAIN TO TAKE THE CRIMINAL TRESPASSERS AND DANGEROUS DRUGGIES TO JAIL AFTER BEING CALLED TIME AND TIME AGAIN.

He knows the names of the arsonists and I believe that they are still at large.

I filed a claim with the City to have Kevin Lunsford held responsible for the fire and he needs to pay for the damages.

THE STRUCTURE IS SAFE!!!

I have been building and restoring houses and other historic properties on two continents since 1951!!! The oldest building that I have restored dates back to the year 1,000. Go to "www.tuscanwindow.com" for photo galleries of the historic buildings I have restored in Italy.

Whoever Lloyd Miller is, he had no right to THREATEN ME. If he had listed an actual hazard, then we could have taken action immediately but insane harassment should be grounds to terminate his employment with the city.

By the way, when is the city going to pay for the \$50,000 in damages to our Children's Museum? At least that would give us some money to cure any real or actual safety issue with 1700 Ave S.

If there are any actual dangers associated with the structure we will take care of them.

Arsonists burned our 1845 log church to the ground on December 21-22, 2021 and of course the ATF has not yet come to investigate.

Our daughter, Karen Lee Russell, was MURDERED on March 30, 2021 and the same Chief of Police has not allowed a thorough investigation, as the chief suspect is "protected" by the oligarchy. The chief gave the obvious suspect exclusive use of the house that we had put Karen for her safety. He gave him her computer, cell phone, her records and all possessions including the vehicle she was killed in. The autopsy was kept hidden from us for around 8 months and now we know why. The trajectory of the bullet was the opposite of the direction it would have gone had she pulled the trigger, and worse yet she had 14 BLUNT FORCE TRAUMA WOUNDS on her body.

She was happy as a lark when I talked to her the morning of her death. There is so much evidence pointing to the chief suspect including collecting around \$600,000 in insurance and then selling property including her property and

community property for around \$1.7 million dollars and then stealing \$100K from me.

With the help of two accomplices he recently stole another \$100,000 from us, in addition to being defrauded out of at least a million dollars.

Lloyd Miller must be another person ordered to HATE ME!!! He acts like he has a skill set far superior to the skill set of any building contractor I have ever heard of.

We have already spent a lot of time and money making basic structural repairs and due to the freeze, the murder of our daughter and dealing with MULTIPLE HATE CRIMES AGAINST OUR CHURCH AND FOUNDATION in Waterwood we have to work on that 1700 Ave S project when we have time and money.

So in the meantime write me a check in the amount of \$50,000 so that we can continue to work on the structure or deduct it from Lunsford's pay.

And please keep in mind that the COVID epidemic messed up the whole country and we have all been seriously affected such as tenants refusing to pay rent and doing up to \$75,000 in damages to a single structure.

JUST READ THE INSANE LIST OF NONSENSE IN THE "NOTICE OF VIOLATION" LETTER!!!

Now to the the broke down eyesore across the street from Heartfield Florist. Kristi Zeltner is 49 years old and that building has been rotting since she was a young child.

County Judge Danny Pierce and other "insiders" like John Kerr Smoither can get by with anything and nothing happens to them.

Pierce got a permit to restore the building at an alleged cost of \$1,000. The permit was just eye candy and is NULL AND VOID as it expired without Pierce replacing even one rotten board or painting over the graffiti.

WHAT IS YOUR MOTIVE FOR ISSUING A TERRORISTIC THREAT AGAINST ME AND MY CRIPPLED SENIOR CITIZEN WIFE? THE INSANE CHRISTIAN TALIBAN PSYCHO CHIEF OF POLICE WHO PERSONALLY CONDEMNED ME TO THE FIRES OF HELL AND PROMOTES THE DEATH PENALTY FOR INNOCENT PEOPLE SO THAT THEY CAN BE WITH JESUS SOONER IS TOTALLY RESPONSIBLE FOR THE DRUGGIE GANG BLOWING UP OUR \$600k HOUSE AT 1700 AVENUE S.

HE KNOWS THE NAMES OF THE ARSONISTS AND SEVERAL OF THE OTHER DRUGGIE CRIMINALS AND HAS REFUSED TO TAKE ANY ACTION TO HAVE THEM ARRESTED AS FAR AS I KNOW. HIS HATRED OF ME BECAUSE I AM NOT A PSYCHO-CHRISTIAN PROVES THAT HE SHOULD BE FIRED IMMEDIATELY BEFORE HE CAUSES MORE HARM TO PEOPLE THAT HE HATES BECAUSE THEY DO NOT THUMP ON BIBLES AT HIS SAME INSANE CADENCE.

AS HE BELIEVES THAT THE BIBLE IS THE BREATHED WORD OF GOD THEN WHY DIDN'T HE EAT THE FLESH OF HIS SONS AND DAUGHTERS, KILL ALL GAY PEOPLE, PURCHASE SLAVES AND FOLLOW THE EVILS IN THE SATANIC BIBLE.

DUE TO HIS HATE AND INSANITY I WROTE AND PUBLISHED A BOOK: "SATAN'S GREATEST LIES & THE ETHICIAN BIBLE." I WILL GIVE AN AUTOGRAPHED COPY TO ANY COUNCIL MEMBER INTERESTED IN WHY THE TOTALLY ETHICALLY CORRUPT CHIEF OF POLICE PUSHED ME INTO WRITING AND PUBLISHING THIS BOOK.

I TOTALLY BELIEVE IN THE TOTAL SEPARATION OF CHURCH AND STATE BUT FOR PUBLIC OFFICIALS TO USE THEIR INSANE RELIGIOUS VIEWS TO PUNISH CITIZENS THAT DO NOT WORSHIP IN THE SAME WAY IS ILLEGAL AND UNCONSTITUTIONAL.

I AM TOTALLY DISGUSTED WITH HPD VEHICLES HAVING 'UNCONSTITUTIONAL RELIGIOUS MESSAGES PAINTED ON THEIR REAR ENDS'. GET THAT UNCONSTITUTIONAL RELIGIOUS MESSAGES OFF OF THOSE POLICE CARS!!!

OUR MILLION DOLLAR 1845 CHURCH BUILDING WAS TORCHED BY HATERS ON DEC 21ST AND THERE ARE SEVERAL SUSPECTS THAT HATE OUR CHURCH AND HATE ME.

USING HIS INSANE RELIGIOUS BELIEFS TO UNCONSTITUTIONALLY HARASS AND THREATEN ME IS A FEDERAL HATE CRIME IN MY OPINION.

We will work on the house as soon as we have the funds and as soon as our contractors can break away from dozens of work orders from the freeze last year, the destruction of our properties, and the lack of income from tenants refusing to pay rent.

SO WHY DOESN'T THE CHIEF OF POLICE GO AFTER WHOEVER MURDERED OUR DAUGHTER INSTEAD OF PROTECTING THE CHIEF SUSPECT? HAVE ANY OF YOU SEEN THE AUTOPSY REPORT THAT WAS KEPT HIDDEN FROM US FOR MANY MONTHS? I WILL PROVIDE A COPY TO ANYONE INTERESTED IN THE FACT THAT IT WAS HIDDEN FROM US THAT KAREN SUFFERED FROM 14 BLUNT TRAUMA WOUNDS AND THE TRAJECTORY OF THE BULLET THAT KILLED HER COULD NOT HAVE POSSIBLY FROM BEING FROM HER FIRING THE GUN.

SHE WAS THROWN OUT OF THE DEATH CAR INTO THE DIRT, AND HER NEIGHBOR WAS NOT ALLOWED TO TRY

TERRORISTIC THREAT

TO SAVE HER AND THE CHIEF OF POLICE GAVE 100% OF THE EVIDENCE TO THE CHIEF SUSPECT
ILLEGALLY!!!

1. Hillbilly Scott was supposed to come back from a job up north to begin work on the 1700 Ave S house that HPD refused to take action to remove the criminals therein.
2. The rain knocked him out of finishing the log cabin but he is supposed to arrive this evening.
3. Old Man Chris was supposed to come to work on Monday but he can't walk.
4. Hillbilly Jack is in North Carolina for physical therapy which is why Hillbilly Scott had to take over the log cabin job.
5. Hillbilly Ray Ray has a bad heart and can't work in the rain or when too cold.
6. Hillbilly Ted can work but he has limited skills.
7. Choo Choo is good at cleanup so Mike Zeltner dropped off the dump trailer that was at our shop in Dodge. Mike has a bad back.
8. Scott is supposed to bring a strong non-crippled helper so just as soon as possible we will try to make the place presentable to the public. It is no longer a habitation but we want it to look good enough so that someone will buy the lot and perhaps restore the house.

Bottom Line: We are doing the best we can with what and who we have to work with.

Thanks. The same Chief of Police is blatantly covering up the death of our daughter. Frank wears a huge christian cross, which is sort of like he has done no wrong. Have you seen the autopsy report that was kept hidden for several months? Jane finally tracked it down. 14 blunt force trauma wounds were found on her body. She had zero drugs in her system. She only had one shoe on. The latex gloves on the ground beside the "death car" were not examined. Frank was given total access and allowed to keep us out of our own house that we had placed her in for her own safety and he was given 100% access to her files, computer, cell phone and any evidence that may had shed light on the true facts behind her death.

So then suddenly Frank acquired all of her personal property including real estate and I am told \$600K in life insurance and then went to Polk County to close a Walker County sale. He then was able to steal \$100,000 from me via two co-conspirators and I still don't have my money back.

Who has the authority to fire the psycho-religious chief?

We are looking into other funding opportunities for these projects and maybe with all of the infrastructure money Congress approved, we can find some there. The house exploded and was full of squatters that I had been trying to get rid of for months. The squatters told the cops that they were tenants but the cops refused to ask them to show any proof such as a lease and then although the house was off-limits to me, the owner because it was "too dangerous", they let the trespassers and squatters enter the property.

Huntsville is a cesspool of inbred white-trash 'christians' and I fear it will get worse if the Nazi Republicans keep protecting Trump who is quite busy destroying my life's work of trying to keep America the Beautiful - beautiful.

Police refuse to arrest trespassers at 1700 Ave S. The meth heads that burned down my half million dollar house, no doubt cooking meth came back tonight to raid the place.

The police REFUSED to take them to jail, but MY STAFF AND I were warned by Fire Chief Greg Mathis that WE would go to jail if we entered the property and promised to call me when the trespass ban was lifted so the my staff could secure what is left of the property.

I have (OR HAD) lots of valuable possessions in the property that I had not had time to remove and take to our museums.

The worthless cops told me that I would have to file "eviction" papers against CRIMINAL TRESPASSERS that are NOT TENANTS AND NEVER HAVE BEEN TENANTS. THEY ARE TRESPASSERS AND THEY

BURNED DOWN MY HOUSE AND I HAVE NO INSURANCE. The dispatcher and the cop on duty were quite rude and didn't give a shit.

This is not the first time that cops have allowed our properties to be emptied by known hood rats. It was the crooked Black cop, Broderick Davis, that had been called to tell the criminals to get out and quit stealing from inside one of our apartments, that gave hood rat hand shakes to the criminals and told them that they could continue emptying the apartment.

I AM SICK AND TIRED OF CROOKED COPS.

The cops REFUSED to arrest the man that stole our CHURCH'S ANTI-DEATH PENALTY SIGN at 14th and University because he had a Christian cross around his neck and the Chief also refused to do anything but tell me that the thief was a Baptist and that he had been Pre-forgiven since he had been 'saved by Jesus' and agreed that Jesus was in favor of the death penalty, even for innocent people since they would get to be with Jesus sooner.

This psychotic crap is why First Baptist Church has harbored pedophiles and other criminals for decades, because "once saved always saved and once saved one can never be unsaved".

The book I am writing as a theologian is: SATAN'S GREATEST LIES!!!

So if I put a big gold cross around my neck I can steal anything I want in Huntsville with no problem?

The cops told me that Mathis gave the people permission to be on and in the burned out house.

Mathis would not even accompany me further into the yard for a closer look this afternoon. What kind of B.S. is going on.

The cops were called time and time again that drug deals were taking place IN THE MIDDLE OF THE NIGHT and to take a sniffer dog and take them all to jail LONG BEFORE THEY BURNED DOWN THE HOUSE.

If the cops had done their job back then my house would still be intact and now to add insult to injury the squatters and trespassers have been given free reign to take out anything they wish.

If anything is missing then I DEMAND THAT THEY ALL BE ARRESTED AND TAKEN TO JAIL. There is no way that a candle could have caused the house to explode. METH LAB is the ONLY possible reason.

The girl that I have been trying to ease out ever since her father died is a known DRUGGIE and has gone to jail more than once for various crimes according to what I have heard.

He told me that it was too dangerous to enter even with the trespass warning signed by a judge, according to him, would be lifted at some point in the future AND THAT I WOULD BE GIVEN ADEQUATE NOTICE TO SECURE THE PREMISES.

Do I have to sue the Southern Baptist "Saved" Chief of Police personally if anything of mine is missing

from the house when he allowed the criminals to enter the premises before I was told that I could enter the premises or secure it?

Mathis just called me at 10:37 and said that the City BUILDING OFFICIAL DROPPED THE BALL AND WAS TO HAVE SECURED THE BUILDING. IT WAS THE SAME WORTHLESS GUY THAT TOLD ME WHAT HAZ-MAT COMPANY TO CALL TO CLEAN THE HUMAN FECES OUT OF OUR CHILDREN'S MUSEUM AND THAT THE CITY WOULD PAY FOR THE CLEAN-UP AND THE REPAIRS.

THE CORRUPT MAYOR LIED ABOUT THE BROKEN SEWER LINE AND I WAS BLAMED FOR THE FECES. THE CROOKED CITY ATTORNEY LIED TO THE ITEM AND SAID THAT THE SEWER LINE WAS CLEAN AND CLEAR AND THAT THE CITY WAS REPLACING THE WATER LINE AND NOT THE SEWER LINE.

The mayor and city attorney are both pathological liars!!!! However they have a lot of catching up to do to beat Trump's thousands of lies.

Thanks. My mental health is gone from the arson fire that destroyed our 1845 church as well as the murder of our daughter Karen, which we believe had been planned over a period of at least two years as well as the theft of my \$100,000 by a gang of three co-conspirators. The blatant disregard for the law by our psychotically dangerous ultra religious Chief of Police is untenable. The death scene was ABSOLUTELY NOT SECURED and the chief suspect in her death was given access to her home, records, computer, cell phone and even the death car.

It seems she died intestate, which all of us believe to be another lie and she was meticulous in everything she did so her will mysteriously disappeared.

14 blunt force trauma wounds on her body, trajectory of the bullet would have made it impossible for her to have shot herself, she was happy as a lark when I called her the morning of her "murder". If you wear a big cross around your neck, according to the chief you will go to heaven no matter what you have done in the past or in the future. He needs to be FIRED immediately!!! He is in direct and dangerous violation of the Texas and U.S. Constitutions.

10 March 2022

Kevin Hammond:

On January 29, 2020, arsonists set fire to the house and the meth lab allegedly in the basement blew up and did well over \$300,000 in uninsured damages to the house.

A gang of druggies was allowed by our Chief of Police to invade the house, roam the neighborhood night and day, set up a druggie camp in the Gibbs Woods behind the house and none were ever arrested that we know of despite repeated calls to HPD.

This was obviously due to Kevin Lunsford's deep seated hatred of me and my religious beliefs that do not match his own. He refused to arrest known vandals and thieves that tore down, stomped on and stole our church's anti-death penalty sign twice. All I asked was that the thief be given a \$5 fine and be released but since the thief had been "saved", he did no wrong by stealing the sign. According to Lunsford, "once saved, always saved and all future sins are pre-forgiven in advance" and "Jesus is in favor of innocent people being executed because they get to be with Jesus sooner", and I am going to hell because I am NOT a Christian.

It's ok under our Constitution to believe anything he wishes but there is supposed to be a SEPARATION OF CHURCH AND STATE and Lunsford has no respect for the US CONSTITUTION and has "In God We Trust" painted on each police vehicle in VIOLATION OF THE UNITED STATES CONSTITUTION.

Darren Parker recovered stolen wallets, credit cards, check books etc. in rooms occupied by "Lauren" and "Heather".

In addition to bong, pipes, and I believe elements of meth production.

The arson fire was started by a KNOWN COUPLE and as far as I know they have never been arrested and charged with arson and I do not believe that "Heather" or "Lauren" have gone to jail due to the stolen items found in their rooms.

We wanted to evict them as squatters but they were violent and dangerous and we were afraid that if we evicted them they would retaliate and burn down the house.

If the Chief had done his job and arrested the criminals our house would still be intact other than the interior filth and damages which we could have repaired for around \$25,000.

Therefore please find out if any of the criminals have been arrested, especially the two known to have started the fire that blew up the house.

Thanks,

George H. Russell

This entire coverup of the murder is a crime itself. Frank and his co-conspirators should already be in jail. Documented theft of \$100,000 from a senior citizen is a felony. Anne flew in from California a couple of weeks ago wanting to visit with the DA who has done ZERO and he lied to her, would not see her, and said that he is waiting for the "ballistics test", keeping in mind that the maximum time in Texas for a ballistics test is 6 weeks and not 14 months.

Same thing hiding the autopsy for 8 months and lying about it the entire time.

Protecting Karen's killer is a crime in and of itself.

Yes - It is for sale. My 77th birthday was yesterday and since our daughter's killer defrauded us out of a million dollars and got us into debt, then sold Karen's "community property" for over \$1.7 million, collected some \$600,000 in life insurance and then conspired with two other men to steal \$100,000 from me, I don't have the funds to restore it or the energy.

HPD has NOT done a thorough investigation and when I offered a packet of documented proof of the theft of the \$100K the "detective" did not respond further proving that there has yet to be any genuine investigation.

Go to www.georgerussell.net and examine the autopsy report that took us 8 months to get.

I'll try to find the Smither easement. My attorney advised Smither that he had no legal right to destroy native vegetation belonging to the ETHICIAN FOUNDATION and that he owed us \$10,000 for damages.

2. Smither's crews did not trespass in that they can use the easement but cannot destroy our native vegetation according to the language in the easement. So, Smither needs to be charged with "criminal mischief". Thanks for offering to send someone.
3. I had a contract to sell the house until interest rates doubled and the purchaser bailed out, so when we can break free of emergencies we will be back on it. Incidentally, the city has allowed Danny Pierce to create a major public eyesore for decades. He had some folks lay a few ugly cinder blocks and the place is just as ugly as before.
4. You are dead wrong about Chief Lunsford: He allowed Christians to tear down our church owned anti-death penalty sign in front of our security cameras. They stomped on it and he did NOTHING. I would have been thrown in jail had I damaged or destroyed a sign belonging to his church. Then when the sign was stolen he refused to even charge the thief a \$5 fine because he had a huge Christian cross around his neck when he was caught with the stolen sign and thus was pre-forgiven in advance because he was from another like fundamentalist Bible thumping church. So according to the chief, the chief suspect that we are certain murdered our daughter was never kept away from the "murder scene" and allowed access to anything and everything that could have convicted him of the crime. The man wears a huge Christian cross. His personal hatred of me and my religion is DEFINITELY A VIOLATION OF MY CIVIL RIGHTS AS WELL AS THE CONSTITUTION that demands the separation of "church and state". The IN GOD WE TRUST on Lunsford's police cars are UNCONSTITUTIONAL and need to be painted over. The guy is a danger to me and others, and there has been ZERO SERIOUS INVESTIGATION INTO THE DEATH OF OUR DAUGHTER.

Who gave him the right to take away our rights to our personal home that we had placed our daughter in to protect her from the man who had abused her for 14 years?

Who gave him access to her cell phone, computer, all of her personal files in her home (not his) and the "death car".

There was ZERO proper investigation into the "murder" and Kevin Lunsford is totally culpable.

So, the three men that stole \$100,000 from me, are going to get away with the 2nd degree felony? They should all three be in jail and if I am going to have funds to work on 1700 Avenue S that Lunsford refused to arrest the known criminals and so far has not arrested the KNOWN ARSONISTS, then at the very least I need the criminals to be in jail and the stolen \$100K returned to me ASAP.

In addition all the evidence points to ELDER FRAUD due to the documented fact that Frank Robinson defrauded my wife and me out of at least ONE MILLION DOLLARS.

BOARD OF ADJUSTMENT CASE NO. 01-2022

Yesterday I received a letter from the city Public Services Department advising me of a hearing that took place on 31 March 2022, 42 days before the letter was mailed to me.

The address of the property does NOT exist in Huntsville, Texas. There is no such address as 400 FM 190.

The letter refers to Josh Thomas as the property owner but I could find no such property owner in the CAD records.

I just went through 247 Thomas names on the CAD listings and found no J or Josh Thomas on either Hwy 190 or FM 190.

I left a message for Charles Young a few minutes ago.

Bottom Line: Although I have no idea where the property in question is I certainly believe that we should NOT be giving variances that make Huntsville uglier than it already is.

Please investigate and let me know how this major mess-up happened.

JOHN KERR SMITHER

Today I discovered that John Kerr Smither had sent crews onto our legal easement between Sam Houston Ave and University Ave and once again destroyed vegetation that belongs to THE ETHICIAN FOUNDATION. The men had just finished whacking down a trailer load of beautiful vegetation for no legitimate reason other than to harass me.

Smither is protected as a member of the protected oligarchy and the police will do nothing to stop him.

A few months ago he destroyed an estimated \$10,000 worth of native vegetation owned by our foundation that beautified the ugly Smither properties on both sides of the easement.

Hans Barcus wrote to Smither that he had no legal right to destroy vegetation that does NOT belong to him and I believe that the letter stated that he owed \$10,000 for the damages but of course he never paid a cent.

He has a history of criminal trespass and criminal vandalism beyond the easement onto other foundation property.

Some years ago he sent men to destroy a huge shade tree behind the temple where David Zellar lives. The tree was worth several thousand dollars and Smither agreed to pay for it but never did.

The men working for Smither and committing crimes against our foundation refused to give their names but only said that they worked for Smither.

The license plate on their truck was CNV 2981. Please ask HPD to visit with Smither about the latest crime committed against us.

CHIEF OF POLICE

Kevin Lunsford is responsible for the druggie gang that blew up our beautiful house at 1700 Ave S. because of his personal hatred of me, telling me that I am going to burn in the fires of hell because I am not a Christian and that Jesus is in favor of the death penalty for innocent people, "so they can be with Jesus sooner."

He is in total violation of my civil rights by refusing to defend me and our property due to his extreme religious prejudice against me.

Even worse, he gave the chief suspect in the death of our daughter total and complete access to the home we had placed her in for her personal protection during her divorce from another protected member of the oligarchy. We were not allowed into our home in which she lived for over a week while the suspect was allowed to rummage through the house and given access to her files, cell phone, and computer. If there was a will in her files it was destroyed.

It took us 8 months to obtain a copy of the autopsy report and now we know why. The trajectory of the bullet that killed her was such that she could not have shot herself and she had 14 BLUNT FORCE TRAUMA WOUNDS ON HER BODY.

But since the obvious chief suspect wears an oversized Christian cross around his neck he has been given complete protection by Kevin Lunsford.

Then the suspect was given 100% of her estate, cutting out her son, and then almost immediately sold \$1.7 million in "community property" and collected an estimated \$600,000 in life insurance proceeds.

He conspired with two other men to steal \$100,000 from me, which makes the 2nd degree felony theft "organized crime". I offered the detective

on the case, a packet of documentation proving the organized crime felony theft of my \$100,000 but to date he has not asked to see it.

As long as HPD is under the control of a religious fanatic and operates like an Ayatola, using extreme religious views to punish me and others in violation of the Constitutional clause demanding SEPARATION OF CHURCH AND STATE, the death of our daughter will never be properly investigated and her killer will go free.

HPD has been contacted more than once and John Kerr is protected just as the man who murdered our daughter is protected and the Chief protected the DRUGGIE GANG that invaded our (your) neighborhood and blew up the suspected Meth Lab and the known arsonists have not been brought to justice nor the other criminals that invaded the house and destroyed it.

If I call HPD nothing happens, but if you would ask them to visit with me and look at the damages, then they might actually do something. John Kerr's crimes against our properties have been repeatedly going on for many years.

HPD has only assaulted me and thrown me in jail for taking photos of criminal trespass and half a million in criminal vandalism accompanied by my attorney.

The Chief of Police is a psychopathic religious fanatic who told me that I am going to burn in the fires of Hell because I am NOT a Christian and refuses to do anything against crimes against me.

Our son-in-law, in addition to murdering our daughter, defrauded us out of what will amount to a million dollars and of course HPD has the documented evidence of the theft of \$100,000 stolen by Frank Robinson, aided and abetted by two co-conspirators making it ORGANIZED CRIME.

That tree was well only our deeded property and not in the easement.

He has a bad habit of trespassing on our side of the property line and cutting our vegetation.

It is way past time for Smither to be served with trespass (by his crew) and vandalism.

Choo cleaned both sides of the house. I made sure of that. Your inspector told him that he had done a good job and not to worry. Please obtain permission for me to investigate each side of any house of anyone who is so bored and mean-spirited that they have trespassed on either side and BEHIND 1700 Ave S so that I can take photos that will prove that none of the nearby folks should be outside in 100+ heat, snooping, trespassing and causing significant emotional distress and financial distress caused the THEM and HPD. I need to be able to inspect all sides of their houses to make sure that there is nothing that irritates me.

If the totally corrupt and dishonest mayor would pay for the damages to our Children's Museum we would have some money to work on the house.

In the meantime we are dealing with plugged up toilets, leaking roofs, junk dumped in front of houses abandoned with tenants that owe thousands in back rent and so on. We took 4 truck loads of junk to the dump today alone.

Guess I need to clearcut the lots behind your house and sell them for low class development so that you can enjoy white-trash living behind you.

Good afternoon George,

Thank you for sending Choo to clean the front of the house, but the rear and sides of the house are still reportedly in need of some work. Also, when do you plan on having your workers out there to continue with the repair to the actual structure? We are getting additional complaints from the neighborhood and would like to get this one all finished up. Did you have any luck with the showing of the house the previous weekend?

Let me know the status of everything when you can.

Thanks.

I JUST FOUND THIS IN DRAFTS

I am doing the best I can. Without restoration funds I have decided that I should demolish 1908 Ave M and 1926 Ave M but at present I don't have the resources.

Yes, Lunsford HAS INDEED committed what I consider to have been hate crimes and elder abuse against me because of my religious beliefs. I have never told him that he is going to burn in the fires of hell or one can commit crimes one's entire life including being a pedophile and still go to heaven.

He had no business not keeping his personal religious beliefs to himself or using them against me.

I resent using IN GOD WE TRUST on our police cars as that is currently UNCONSTITUTIONAL. What "god"? There are still hundreds of gods on our planet. Apparently ONLY the Southern Baptist Cult God counts in Huntsville.

Thanks for getting Choo out there to work on the yard. It's definitely wise to start in the morning since it is so blasted hot.

The person who had expressed interest in it previously decided they didn't want to take on such a project now. I'm sorry I forgot to relay that to you sooner.

We are working other cases as well trying to get things cleaned up around town, not just this one. Unfortunately we are not getting cooperation from everyone and are elevating our enforcement levels when necessary.

I did provide the documents you gave me to HPD and they have it with their case files. As I understand it, things have been turned over to the DA's office and it's in their hands now.

As I've said before, I don't believe Chief Lunsford has done anything to warrant such comments. On a related note, Chief Lunsford will be retiring at the end of July and Assistant Chief Slaven will be serving as the interim.

On an unrelated note, we are relooking at the sidewalk project on University. We're a little short staffed at the moment, but we will get to it.

Thanks in advance for taking care of abating the issues on Avenue S.

Thanks to our totally religious nut job Chief of Police the meth lab blew up causing at least \$300K in uninsured damages. He hasn't even bothered to arrest the known arsonists.

I had a contract to sell ready to go at Walker County Title but when interest rates went up dramatically the contract was suddenly cancelled.

I am supposed to have a showing on Sunday.

I thought that you might have an interested party?

My negative cash flow was NEGATIVE \$20K alone last month.

Did you ever come up with an offer on the lots behind your house?

The religious fanatic Sharia Law promoting chief has refused to arrest the three criminals that stole \$100K from me and the entire documented proof was turned over to Adult Protective Services and K Hammond.

Tenants have virtually destroyed several rental properties. Farmhouse Cafe owes who knows how much and a new roof at City Hall will be over \$60,000 but there has been a delay in manufacturing the material but I have to come up with 60% upon delivery and I need my \$100K plus the million or more that we were defrauded out of.

Am doing the best I can but entire crew, except Choo is repairing extensive termite damage to Kristi's house in Dodge.

1700 is NOT on a major street yet Danny Pierce's eyesore is seen by thousands of people every day as we have all had to look at his mess for decades so it is no doubt the hoity toity woman next door raising hell when she should have demanded that the cops arrest the gang of druggies.

The Chief would do NOTHING for me because he told me that I am going to burn in the fires of hell and that Jesus likes for innocent people to be executed so that they can be with Jesus sooner.

His insane view of his koo koo religion is his right under our Constitution but he has no legal right to use religious psychosis to punish me and cost us hundreds of thousands while he appears to protect the man that MURDERED our daughter and sold some of her property and community property for \$1.7 million, collected an estimated \$600K in life insurance and was given EXCLUSIVE ACCESS to the home we placed her in for her protection, plus gave him her computer, her files, her cell phone and the death car.

Keep in mind that it took us around 8 months to obtain a copy of the autopsy which

indicated that she suffered from 14 blunt force trauma wounds and the trajectory of the bullet that killed was such that she could not have pulled the trigger unless forced which may explain the trauma wound on her thumb.

Her killer wears an oversized christian cross around his neck so he committed no sin and is "saved" according to the chief's satanic belief system.

So if Lunsford would pay for the damages he caused by refusing to do his job and his extreme personal hatred of me because I am NOT a christian I could immediately hire a crew and restore the entire house.

I was told that Choo had satisfactorily cleaned up the yard at 1700 Ave S, which was the complaint from the neighbors to the left of the house. They told Choo that they were happy with his work. The Chief of Police PERSONALLY REFUSED TO TAKE ACTION TO REMOVE SQUATTERS AND METH DEALERS FROM THE BUILDING.

Our daughter was MURDERED and her killer was not only protected by the same corrupt Chief of Police but ALL evidence was given to her killer, who stole at least a million dollars while getting us into debt to the tune of \$300K.

THIS IS NOTHING BUT HARASSMENT AND ELDER ABUSE TO SEND ME A CITATION WHEN WE ARE DEALING WITH MULTIPLE COSTLY PROBLEMS like \$60K plus for a new roof for City Hall Cafe that the lease holder was supposed to pay for and she hasn't even paid rent for the last two months.

Krtsti has not been able to live in her termite infested house for several months and hopefully within two weeks we will have finished that job and can get back to work on 1700 Ave S.

DANNY PIERCE AND JOHN KERR SMITHER CAN GET BY WITH ANYTHING AND THE POLICE WILL NOT EVEN TE;; JOHN KERR TO CEASE AND DESIST FROM CRIMINAL TRESPASS AND TENS OF THOUSANDS IN DAMAGES TO OUR PROPERTY.

Why was Choo lied to when told "not to worry" about 1700 S until we can finish dealing with OTHER MORE serious and costly problems.

The DA and HPD have a COMPLETE FILE PROVING THE THEFT OF \$100k FROM ME THAT IS FULLY DOCUMENTED. THREE CRIMINALS WERE INVOLVED IN THE THEFT AND THE DOCUMENTATION IS IRREFUTABLE BUT THE KILLER OF OUR DAUGHTER, BEING ONE OF THE THIEVES HAS YET TO BE ARRESTED.

THE KNOWN ARSONISTS THAT BLEW UP 1700 S HAVE NOT BEEN ARRESTED NOR HAVE THE OTHER SQUATTERS, DRUGGIES AND CRIMINALS THAT HAD INVADDED THE HOUSE AND THE CHIEF WOULD DO ZERO TO RAID THE PLACE AND TAKE THEM ALL TO JAIL.

PLEASE GET THE HELL OFF MY BACK UNTIL WE CAN GET BACK TO COMPLETING THE EXTERIOR WORK TO MAKE THE PLACE PRETTY. MY WIFE IS CRIPPLED AND YET NO ONE WILL DO ANYTHING TO ARREST THE KILLER OF THE ONLY LOCAL DAUGHTER THAT HELPED TAKE CARE OF HER.

MUCH OF HUNTSVILLE IS A VIRTUAL SLUM AND WE HAVE SPENT MILLIONS PERSONALLY TO KEEP HUNTSVILLE AS NICE AS POSSIBLE.

We just spent over \$1,000 to make the really mean-spirited neighbors that built their house in the very middle of Ave S between two of our houses, happy by cutting the top off of a "danger tree" deep in our woods but that could have been easily reached with our man lift we are using at 1700 S but the mean man refused to allow us to use his driveway to reach the tree so we had to kill some `100 year old Yaupon Hollies to build a road to the tree from the other side. The woman had burst into our offices making all kinds of demands and harassing our staff.

Please send copies of the letters and CITATIONS you have sent to Danny Pierce over the last 30 years of the entire public having to look at his dilapidated building on Sam Houston Ave.

I repeatedly called for the termination of the RELIGIOUS EXTREMIST CHIEF OF POLICE for failing to protect our church from CRIMINALS and that he said that I was going to BURN IN THE FIRES OF HELL because I am NOT a Christian.

He furthermore allowed a METH LAB and druggies to operate out of our \$600K home at 1700 Ave S. and they blew up the Meth LAB because of his religious extremism and hatred of me.

Then on March 30, 2021, our daughter was MURDERED at the "safe house" we had placed her in due to her fear of being murdered.

HPD allowed the chief suspect total access to the murder scene and gave him total access to our house that he was NOT allowed to enter, gave him her cell phone, computers, all files, the death car AND ANY AND ALL EVIDENCE of the crime scene.

HIS "Friends" were allowed access to the crime scene and neither I nor my employees WERE allowed access to the crime scene. I was not allowed to view the body of our murdered daughter that had been thrown

our into the dirt to make sure she was dead before EMS arrived on the scene.

THERE ARE PROTOCOLS AND PROCEDURES ABOUT HOW 'DEATH SCENES' ARE TO BE PROTECTED SO THAT NO EVIDENCE CAN BE COMPROMISED and according to NATIONAL STANDARDS OF THE US DEPARTMENT OF JUSTICE ZERO PROTOCOLS WERE FOLLOWED BY HPD.

Therefore under the Texas Open Records Acts please provide the following ASAP.

1. The SOP used by HPD to secure death scenes and who should be kept out and who should be allowed in.
2. The SOP about providing the family of the victim access to the Autopsy Report and if it is against procedure to lie that the report had not been completed. (14 blunt force trauma wounds kept a secret as well as the trajectory of the bullet fired by her killer)
3. We demand the ballistics report which has been kept from us.
4. The SOP that allowed the chief suspect in her death, sole access to OUR SAFE HOUSE where he should never have been allowed to enter and take sole possession of for several weeks.
5. The SOP that allow HPD to discard latex examination gloves at the death scene.
6. The SOP that allows the chief suspect in the death to be given the victim's cell phone, all files, computer and any and all evidence that should have been secured.
7. We demand all cell phone records, police video camera records and all other evidence associated with what was obviously a MURDER of our beautiful daughter so that the perp could immediately walk away with well over TWO MILLION DOLLARS with more to come to him in the future.

There is a lot more in what appears to be a "cover up" by HPD in regard to the death of our daughter.

Since you personally told me that you can hire and fire the Chief of Police, I hereby ask you to investigate what appears to be CRIMES OF COVERUP and protection of the main suspect in her death.

Failure to dig deeply and get to the bottom of his horrendous crime, would in my opinion, make you part and party to the MULTIPLE CRIMES including the DOCUMENTED THEFT OF MY \$100k BY THERE CO-CONSPIRATORS

MAKING THAT THEFT ALONE ORGANIZED CRIME.

I never got a confirmation that you have called the dogs off to give me a chance to continue work on the 1700 Ave S house that our retired Chief of Police purposely allowed a gang of druggies to invade and operate out of an then blow up the meth lab in the basement.

I went to Mueller today and spent nearly \$1,000 for metal roofing to match as closely as possible the roofing material that survived the ARSON. and meth lab explosion. It should be ready for pickup and installation next week if not too much rain.

Please find out when the known arsonists are going to be thrown in jail because I do not believe that any of the gang of criminals have ever been arrested for thefts, drug manufacture, and drug sales from 1700 Ave S that the then Chief should have taken care of rather than hating me and condemning me to HELL because I am NOT a psycho-religious 'christian' like him.

We have had to neglect important problems like replacing David Zeller's toilet, helping an old overweight woman better negotiate her house, repair AC's that quit working etc. just to placate the worthless and mean-spirited neighbors that refused to go to you or Council and demand that the criminals be taken out of our house and taken to jail.

We are overwhelmed dealing with the documentation proving that our daughter was beaten half to death and then murdered and dealing with the expenses of a problem CAUSED BY A CORRUPT PSYCHO-RELIGIOUS CHIEF OF POLICE THAT GAVE THE KILLER TOTAL ACCESS TO ALL OF THE EVIDENCE THAT WOULD HAVE PLACED HIM IN JAIL which has been unacceptable especially since you had the power to fire him and failed to do so in that he will collect tax dollars for his corrupt and UNCONSTITUTIONAL CRIMES for the rest of his life until he gets to stand in line for a million years for his turn to sit on Jesus' lap, before Jesus opens the trap door to you know where.

Thanks. The metal for the replaced part of the building should be ready for pickup no later than Monday. I told Choo and Scott to try to get the rest of the new siding on today and get it painted if it doesn't rain them out and to get the deadbolt installed to secure the building.

In the past when there was pressure for us to return to the building that would still be there if it wasn't for the hatred directed against me by the Chief of Police, my tenant would prompt me to pull folks from other jobs to avoid being "sucker punched", which we would do.

My wife's tv blew up in a lightening storm last night and Scott had to try to see if it had to be replaced and then I hadn't been able to use either of my bathroom sinks for several weeks due to the faucets freezing up which means that other people's emergencies take priority over my own needs.

George,

I visited with Kevin Byal late yesterday afternoon and filled him in on our visit. I let him know that you are working on the house and that I support dropping the citation with the work on-going and it progressing to a satisfactory state. I have copied Kevin on the response to this email and you may contact him to see what is required to complete getting the house in an acceptable condition.

I will follow up with PD on the other issues and get back to you if there is any update to provide.

Thank you for working on getting this problem resolved.

I never got a confirmation that you have called the dogs off to give me a chance to continue work on the 1700 Ave S house that our retired Chief of Police purposely allowed a gang of druggies to invade and operate out of an then blow up the meth lab in the basement.

I went to Mueller today and spent nearly \$1,000 for metal roofing to match as closely as possible the roofing material that survived the ARSON. and meth lab explosion. It should be ready for pickup and installation next week if not too much rain.

Please find out when the known arsonists are going to be thrown in jail because I do not believe that any of the gang of criminals have ever been arrested for thefts, drug manufacture, and drug sales from 1700 Ave S that the then Chief should have taken care of rather than hating me and condemning me to HELL because I am NOT a psycho-religious 'christian' like him.

We have had to neglect important problems like replacing David Zeller's toilet, helping an old overweight woman better negotiate her house, repair AC's that quit working etc. just to placate the worthless and mean-spirited neighbors that refused to go to you or Council and demand that the criminals be taken out of our house and taken to jail.

We are overwhelmed dealing with the documentation proving that our daughter was beaten half to death and then murdered and dealing with the expenses of a problem CAUSED BY A CORRUPT PSYCHO-RELIGIOUS CHIEF OF POLICE THAT GAVE THE KILLER TOTAL ACCESS TO ALL OF THE EVIDENCE THAT WOULD HAVE PLACED HIM IN JAIL which has been unacceptable especially since you had the power to fire him and failed to do so in that he will collect tax dollars for his corrupt and UNCONSTITUTIONAL CRIMES for the rest of his life until he gets to stand in line for a million years for his turn to sit on Jesus' lap, before Jesus opens the trap door to you know where.

We picked up the metal for the new roof section on Monday but Scott is sick and we are dealing with literally dozens of other problems.

Will install the new roof panels just as soon as possible.

Sr. Salinas,

We are at our wits end needing help to recover around a million dollars my wife and I were defrauded out of plus the outright theft of \$100,000, planned and carried out by three men.

I tried to get help from the Conroe/Huntsville staff but was unsuccessful. Ashley Weaver helped some after I provided her with a packet with documentary proof of the \$100,000 theft. Ms. Weaver said that she was only authorized to turn the matter over to Huntsville Police that were protecting the criminal, that we are certain murdered our daughter on March 30, 2021. Her killer had threatened to kill me in the past and we were afraid since the police stay in contact with him. Kenyatta Bennett was no help at all.

I am 77 and somewhat lame and my wife is also 77 and confined to a wheelchair.

The Huntsville Police Department chief told me that I am going to burn in the fires of hell because of my religious beliefs and that Jesus wants innocent people to be executed "so that they can be with Jesus sooner."

The same chief allowed a gang of druggies to invade one of our most valuable houses (worth at least \$600,000) and virtually destroy the interior and then blow up the meth lab in the basement, causing at least \$300,000 in uninsured damages. HPD has had the names of the arsonists and refuses to arrest them.

Same thing in San Jacinto County but worse. Constant harassment by the Waterwood HOA, thefts, vandalism, being held hostage, not allowed any First Amendment rights, being shot at, false arrests and more.

When I demanded that the HOA "cease and desist" from committing crimes against our church, our persons and our botanical preserves and threatening me with 124 years in jail and a \$103,500 fine for legally placing purple paint stripes on some of our trees where poaching, vandalism and other crimes had taken place.

We were not allowed to protect our church buildings or sacred properties and thus on the night of Dec 21-22, 2021 our 1845 CONVIVENCIA combined Synagogue, Church and Mosque was professionally burned to the ground by arsonists and yet the ATF refuses to investigate and required by law.

The anti-Semitism is out in the open and pervasive. Our church and our chapel sign both had/have Stars of David painted on them.

Our church steamboat has been stripped as well as our Prevost Motor Home and yet nothing is done to protect us.

On Saturday night our \$4,000 life sized SACRED BISON STATUE WAS STOLEN and although Waterwood Security saw the perps he wasn't allowed to call 911 or the sheriff upon penalty of being fired.

We have dealt with hate crimes repeatedly since 2006 and when we complain we are sued and further harassed.

I was never suicidal until an HOA Board Member committed a felony against our SACRED TREE

What to do?

ARBOR, on property that is not a part of the HOA.

Recently, the County Commissioner invaded our botanical preserves on our private road through the preserves and mutilated beautiful trees and native shrubs along 3.6 miles along our preserves. The county does have an easement for a Third Class county easement and the causeway should be no wider than 16 feet --not 40 or more.

Neither my mental health or my physical health or our financial health is stable due to the threats and harassment.

What can we do?

Go to www.georgerussell.net for documented evidence of VERY SERIOUS ELDER ABUSE.

Thanks,

P.S. HPD knows the names of the arsonists and has a list of witnesses. Why haven't the arsonists been arrested?

We have been overwhelmed with stopped up sewer lines, getting ready for another hard freeze, and trying to stay alive financially. My negative cash flow was minus \$40,000 last month alone and at least three tenants over me over \$100K each. Scott did do more work on the house twice but he caught the Covid and is just now recovering.

Our daughter was murdered and HPD has been protecting her killer. HPD also committed what I believe to be a felony in aiding and abetting her killer. They illegally gave him sole access to OUR safe house we put her in and gave him her cell phone, computer, her files, her will and the evidence that would have already convicted him of the crime.

To me arresting our daughter's killer and recovering the million we were defrauded out of AND the \$100,000 stolen from me should be a little higher on the totem pole.

HPD is totally responsible for the fire because the chief of police told me I was going to burn in the fires of hell and refused to do anything about the gang of druggies that invaded the house and destroyed it by blowing up the meth lab in the basement.

I should have sued the city for the city caused disaster.

The crooked mayor still hasn't paid for the damages to our childrens museum that he promised to pay for.

Finishing what needs to be done is a top priority but if tenants call and feces is backing up onto their floor they get a higher priority.

If we have dozens of broken pipes from the coming freeze then that will be a priority.

Ask Aron to demand that HPD arrests our daughter's killer.

We have a burial on Monday and the funeral home called and told me he was good friends with KAREN and he brought her body for burial. He said she was definitely MURDERED. Her autopsy was kept a secret for 8 months to keep it a secret. The trajectory of the bullet proved that she could not have physically pulled the trigger and she had 14 BLUNT FORCE TRAUMA WOUNDS ON HER BODY.

Woman do NOT kill themselves by beating themselves to death.

Aron told me that HPD works for him. He could easily order HPD to call in the FBI or Texas Rangers to investigate the coverup.

Jenny:

Please let Scott and Choo know that the following needs to be done at 1700 S.

1. Let's install a door and lock where the door is missing downstairs. If it is already painted as an exterior door it shouldn't have to be painted. Scott can complete that project when he gets through moving the tractor bard to the 500 acres and puts it back together.

2. Choo can throw the limbs etc. in the left side yard further back in the woods to serve as wildlife habitat.

3. Next time it rains have Scott make sure that there aren't any leaks.

4. Ask Brett to get with me to discuss what to do about the electrical situation.

George,

Thank you for meeting me at your property located at 1700 Ave S yesterday to discuss the remaining items to address with the weatherization of the house and removal of debris and the old electrical service. As we discussed any material used to close up the house will need to be painted to protect it from the elements. As I had mentioned, the goal is to complete the work on the exterior of the house and property to the point that we can close out your permit.

I appreciate your help and let me know if you have any questions.
