Detective Hammond:

An arrest in the fully documented theft of \$100,000 by Frank Robinson and two accomplices is way past due.

An arrest of the two known arsonists that blew up the meth lab in the basement of our house at 1700 Ave S is way past due.

Please give us an update on both crimes.

Because of his hatred of the fact that I am NOT a Christian, our former Chief of Police refused to protect me, my staff or our property at 1700 Ave S. The chief told me that Jesus is in favor of the death penalty and that Jesus is also in favor of executing innocent people so that they can be with Jesus sooner.

I have been against the death penalty since 1957 and our church had an anti-death penalty sign on our building at University Ave and 14th Street. A gang of Christians, filmed by our security cameras, ripped a 4x8 section of our sign off of the building and onto the ground and stomped on it. HPD refused to investigate.

Later a young man with a Christian cross around his neck stole the sign. Choo got the license plate number and HPD made the man bring the stolen sign back.

I asked the three police officers to take him to jail, fine him \$5, and let him go. HPD refused, because of the large cross around his neck, so I asked the young man to come into our library and tell us what went through his mind that made him want to steal the sign.

He said he was a member of a church that believes that Jesus is in favor of the death penalty and stealing the sign was not a crime as he was already forgiven because "once saved, always saved and you can never be unsaved and all future sins are pre-forgiven in advance.

Not knowing that the chief of police was a religious fanatic and zealot I asked chief to fine the thief \$5 which is when he told me that I am going to "burn in the fires of hell" and concurred with the thief.

Our beautiful home at 1700 Ave S would still be intact if HPD had taken the squatters, vandals, thieves and druggies to jail. We were afraid to evict them because they were hopped up on drugs, had violent tendencies, and we believed that they would blow up the house in retaliation. (For around a year it would have been illegal to evict them due to Covid)

They blew up the meth lab in the basement anyway and HPD knows the names of the two arsonists and knows the names of the witnesses to the lighting of the fire by the two arsonists yet, as far as I know, has done nothing.

Our 1845 Convivencia church was burned to the ground, obviously by professional arsonists because of the Star of David sign in the dogtrot and apparently, because a high percentage of radical Christians believe that since "Jews killed Jesus" they are still responsible for his alleged death on a cross to this day.

So it is obvious that the sending of a CITATION based on lies just three days after I filed a Public Information Request is RETALIATION and the citation is based on LIES, LIES, LIES.

The structure in no way meets the definition of DILAPIDATED according to the IMPC. Go to GOOGLE IMAGES and type in "dilapidated houses". 1700 Ave S is in no way dilapidated. We just sent over there and there are a couple of small things left to do when we have breaks between emergencies and they are at the top of the list. We have accomplished 95% of what Kevin Bayal and I agreed on in an inspection tour.

I believe it was Kevin Bayal who told me which company to hire when the city backed raw

human feces into our Children's Museum and who told me to bring him the invoice when I paid the bill and then the city lied, lied, lied to me and the media and has not paid a cent.

Mayor Brauniger told both our Museum Director and me that the city would pay for the damages caused by a defective sewer line on University Ave. and then has not paid a cent. A few weeks ago I saw the mayor in city hall and asked him when we would be paid the estimated \$50,000 in damages and he said something like, "you'll never get a dime" and marched off.

I consider the bogus citation just one more hate crime against me. There is zero trash and zero debris. There is zero accumulation of rubbish and zero garbage at 1700 Ave S.

There is debris and trash across the street from 1700 Ave S.

There are malicious neighbors that bragged to our property manager Jenny Zeltner Bennett that she would call in complaints repeatedly. She was given her lot by my political enemies and has a history of harassing me for no good reason. A few months ago one of our big oak trees died on our lot on Woodland Lane. It was very close to her driveway and our man lift was at 1700 Ave S. I asked permission to use her driveway to be able to easily reach the tree and she and her husband refused, costing us time and money and having to destroy native vegetation on our property to build a "road" to be able to reach the dead tree from Woodland Lane.

I believe that it is against the law to harass people by making frivolous or false complaints.

I gave Aron a packet with 100% documented proof of the theft of \$100,000 from me. Aron told me that he gave the documentation to HPD but to date HPD has not arrested the three men involved in the felony and I still don't have my \$100,000, nor has anything done to retrieve the million or so dollars that my wife and I were defrauded out of.

The CITATION refers to the IPMC. In the DEFINITIONS SECTION, "Dilapidated" is not a word being defined.

"Garbage" is defined as "The animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food."

"Trash" is not a word defined in the code.

"Rubbish" has 20 definitions and only one item is on the premises, which is a compost pile. The city recommends the establishment of "compost piles" and Kevin Bayal agreed that our compost pile is legal.

For many years I have complained about extremely unsafe fire traps in downtown Huntsville that are EXTREME VIOLATIONS of the IPMC. Our daughter Anne, refuses to go into the 4 story Sam Houston Antique Mall out of fear due to the fact that there is only one way in and one way out and all other "escape route" doors are permanently locked and windows sealed. There is a "bed and breakfast" on the north side of the square that has no way out in the event of a fire that could block the one entrance and exit.

My wife still has not been able to visit our African Museum that she financed 50% of due to EXTREME violations of the ADA. Even though I have filed a formal complaint with the ADA folks the city still could care less about the safety of visitors, especially handicapped Black or White people.

So bottom line: THIS CITATION IS JUST HARASSMENT MEANT TO TERRORIZE A 77 YEAR OLD SENIOR CITIZEN AND HIS HANDICAPPED WHEELCHAIR CONFINED WIFE.

Since the fire caused by HPD's failure to protect I have had to spend \$37,269.23 which does not include my time, operations staff time and other overhead and our workers oftentimes

fail to provide the address where they are working. I can provide a printout of expenses if you wish.

That's a lot to spend to make sure that the property is cleaned up and looks good from the street. As far as I can tell Danny Pierce's PUBLIC EYESORE has had very little done to it in the last few decades. His building that was burned was actually DILAPIDATED for at least a year and the current building only has a nice green metal roof because of my help to get that much done to make it pretty but Danny then refused to do anything about the broken out windows, graffiti and other ugliness.

Please get the city off my back and send a check in the amount of \$325,000 to cover the cost of the damages due to obvious religious hatred of me because I am going to burn in the fires of hell so no need to protect either me or our property.

I guess that I will have to take this to MUNICIPAL COURT tomorrow unless K. Merchant sees the serious and flagrant attempt to punish me for submitting the PIR and voids the insanity of filing a false complaint against me.

6. Any Texas law or statute that allows for police officers to enter a public library and without legal authority to remove legal displays of books or other items of interest to the public.
7. Any record associated with any city council member, mayor, city manager or other person communicating with HPD about said "raid" on our public library and the legal authority to order entry and disrupting the operation of Huntsville Public Library.
8. Any law that was or was allegedly being broken by library staff that required police to enter the library and cause the removal or any book or display.
9. Any law that allowed the city to summarily terminate employment of any library staff member or employee without notice or cause.

Subject: Hate Crime — FBI

From: "George H. Russell" <ghr@cyberclone.net>

Date: 3/5/2023, 2:15 PM

To: Aron Kulhavy <akulhavy@huntsvilletx.gov>, George Russell <ghr@cyberclone.net>, Brenda Poe <bpoe@itemonline.com>, rob logan <robertlogan62@gmail.com>

The arson fire that destroyed our house at 1700 Ave S meets the definition of a HATE CRIME by the FBI.

The former chief of police told me that I am going TO BURN IN THE FIRES OF HELL because I am NOT a Christian.

He refused to fine vandals that ripped our church's anti-death penalty sign of the wall of one of our museums and stomp on it.

He refused to fine a young religious extremist even \$5 for stealing our church's sign.

HPD, under the leadership of the religious extremist Chief of Police refused to protect Huntsville from the gang of druggies that invaded our house at 1700 Ave S, destroyed the interior, set up a druggie camp in the woods behind our house and eventually blew up the meth lab in the basement, causing at least \$300K in damages.

HPD knows the names of the arsonists and the other druggies that had possession of stolen credit cards. HPD knows the names of the witnesses to the arson and refuses to do anything but harass and threaten me for being the VICTIM of the crimes allowed to take place because i am NOT a Christian.

The new Chief of Police is one of the criminals sent to assault and arrest me for daring to take photos of criminal trespass and criminal vandalism on our historic properties while under the direction of my attorneys.

I hired a PI to gather evidence of religious based lack of police protection and of me being harassed and threatened by the city, even after I had to spend at least \$50K making the ruins presentable, while Huntsville is a horrific slum, the main eyesore being Judge Danny Pierce's dump on Sam Houston Avenue that he has refused to repair for decades.

It appears that the City of Huntsville is not only protecting arsonists, thieves and other criminals. And it was the Chief of Police that aided and abetted crimes against me based on his STATED HATRED in telling me that I AM GOING TO BURN IN THE FIRES OF HELL AND THAT JESUS WANTS INNOCENT PEOPLE TO BE EXECUTED SO THAT THEY CAN BE WITH JESUS SOONER.

Aron; I tried to convince you to fire the chief and order HPD to NOT USE THEIR RELIGIOUS EXTREMISM to protect criminals.

Kevin Bayal should be investigated for PUBLIC CORRUPTION along the our Mayor, for lying about the city having flooded our Childrens Museum and then promising to pay for the damages and never paying one penny.

Kevin Bayal also knows that the burned out house is beautiful from the street and is NOT A HUMAN HABITATION but serves as a bird and potential bat sanctuary and was aok with leaving openings high up and on the back side out of public view for our birds and other wildlife so now he has changed his mind and wants me to fight it out in FEDERAL COURT.

The damages are due to RELIGIOUS HATE CRIMES, HARASSMENT OF A HANDICAPPED SENIOR CITIZEN and HPD protecting a known MURDERER.

I will complete what I agreed to do to make the wildlife home safe and beautiful from the

street. There is not much left to do but I have serious issues, including finding out who shot up our foundation's beach house and who burned our 1845 CONVIVENCIA church to the ground, along with dealing with rent cheats and vandals that caused hundreds of thousands of dollars in damages to our rental property due to blaming COVID.

Apparently, the people that were gifted the lot between two of our houses are the people that are complaining. They have said that their mission is to harass me and if they are the ones harassing the City to force the City to harass me then I believe that is against the law and that they should be warned and arrested if they don't cease and desist from further false complaints.

1700 Avenue S, damaged by fire due to the hatred of me expressed by the Chief of Police and his refusal to rid 1700 S and vicinity of a gang of druggie criminals, INCLUDING ARSONISTS, is now an URBAN WILDLIFE SANCTUARY, managed by THE ETHICIAN FOUNDATION, a 501(c)3 OPERATING FOUNDATION.

Please order Kevin Bayal to CEASE AND DESIST from further ELDER ABUSE and HARASSMENT.

We are working on the finishing touches as to what we had agreed to do months ago.

Our compost pile is habitat for urban wildlife and was approved months ago.

Our ingress and egress points for our VULTURE family was approved months ago.

1700 Ave S is NO LONGER A DWELLING FOR HUMANS just as the BAT HOUSE at the prison is NOT A DWELLING FOR HUMANS and has openings for bats to come and go.

Huntsville is a VIRTUAL SLUM with tacky commercial buildings, dilapidated houses and especially Judge Pierce's disgraceful building on Sam Houston Avenue.

My PI suggests filing a FEDERAL LAWSUIT against the city but knowing that no one can fight the unlimited resources of City Hall, if I sue anyone it will be the individuals responsible for causing me great stress, mental anguish and economic harm out of obvious HATE AND DISCRIMINATION largely based on the fact that I am NOT A CHRISTIAN.

The mayor likewise, is some kind of CHRISTIAN TALIBAN. In today's ITEM he invokes the work "GOD" nine times. Huntsville should not be run by a rabid HATE FILLED THEOCRACY.

Please get these George Russell haters to cease and desist and stop the threats to fine me a large sum of money due to the city's refusal to arrest the criminals that invaded our \$600K house and blew it up.

GHR

P.S. I will post the signs letting the hate filled neighbors know that 1700 S is now an URBAN WILDLIFE SANCTUARY.

My PI suggests filing a FEDERAL LAWSUIT against the city but knowing that no one can fight the unlimited resources of City Hall, if I sue anyone it will be the individuals responsible for causing me great stress, mental anguish and economic harm out of obvious HATE AND DISCRIMINATION largely based on the fact that I am NOT A CHRISTIAN.

The mayor likewise, is some kind of CHRISTIAN TALIBAN. In today's ITEM he invokes the word "GOD" nine times. Huntsville should not be run by a rabid HATE FILLED THEOCRACY.

Please get these George Russell haters to cease and desist and stop the threats to fine me a large sum of money due to the city's refusal to arrest the criminals that invaded our \$600K house and blew it up.

P.S. I will post the signs letting the hate filled neighbors know that 1700 S is now an URBAN WILDLIFE SANCTUARY.

Keving Bayal is harassing me, causing me great anguish, and threatening our vultures while also threatening me. He keeps changing the rules as a means of causing me great anxiety for no reason except HATE, HATE, HATE.

He told me that the compost pile is legal and now he wants it moved. It will completely disappear under vegetation in short order.

It is habitat for wildlife.

Huntsville is a bird sanctuary.

ARREST THE ARSONISTS, THIEVES AND VANDALS. ELDER ABUSE IS A CRIME. ARREST KEVIN BAYAL FOR HARASSING A CRIME VICTIM AND SENIOR CITIZEN.

I am considering donating the property to my church to serve as a sanctuary for our VULTURES.

Please extend the hearing for an additional 60 days to give me a chance to deal with this serious case of ELDER ABUSE and protected species abuse.

My attorney, Hans Barcus is out of town. He is returning the day that our daughter came to church two years ago to celebrate her divorce, but her husband had tricked her into believing that the divorce was final which gave him time to beat her into submission and then shoot her in the heart.

HPD MADE ZERO EFFORT TO HAVE HER KILLER ARRESTED FOR HER MURDER AND EVEN WORSE ILLEGALLY GAVE HER KILLER SOLE ACCESS TO THE SAFE HOUSE WE PUT HER IN FOR HER SAFETY. WE WERE THREATENED BY HIM AND NOT ALLOWED TO GO INTO OUR OWN HOUSE FOR AROUND TWO WEEKS.

HPD gave her killer, her files which would have had her will, her computer, her cell phone, her car.

He then conspired with two others to steal \$100,000 from me. Aron had the entire record proving the theft and yet HPD has done nothing.

He took sole possession of her property and community property leaving her son out and then sold some of the property for \$1.7 million and collected \$600,000 in life insurance.

So you would rather waste city resources harassing me and our vultures than arrest our daughter's killer.

Go to www.georgerussell.net and look at recent photos of trashy houses and then go to Karen's Estate and read the autopsy that was kept a secret for 8 months to hide the fact that she was beaten half to death and then shot.

ALSO GO TO FALSE ARREST BY DIRTY COPS and I believe the new Chief of Police is one of the cops that assaulted me and threw me in jail for taking photos of felony vandalism taking place on our historic properties while accompanied by my attorneys.

I need more time to deal with this very serious issue of harassment. So, I guess harassing me and our vultures is far more important than arresting the man that murdered our daughter and the three men involved in the theft of my \$100,000.

A variance would be easy and logical since the wildlife home will never be a house for humans.

I need your help on a very serious attempt by the city to harm our vulture family that is living in a house converted into an urban wildlife shelter.

The city is threatening me with a \$1,200 fine unless I board up all wildlife entrances and exits which would cause our vulture family to die. They have a nest and there was an egg in the nest, which is actually a flat place above the front door.

Do you have contacts with US FISH AND WILDLIFE SERVICE. Perhaps PETA would send a message to our city manager advising the city to cease and desist from destroying the value of the structure as urban wildlife habitat.

Thanks for any help you can give.

The psycho-religious Chief of Police refused to fine the vandals and religious extremists that tore down and stomped on and then stole our church's anti-death penalty sign even \$5.

Then the chief told me that I "am going to burn in the fires of hell" and that Jesus is in favor of the death penalty and even in favor of executing innocent people "so that they can be with Jesus sooner."

HPD refused to protect our house at 1700 Ave S and has allowed the known arsonists that blew it up to go unpunished.

I am hated because I am NOT a Christian and in Waterwood our 1845 Convivencia church was burned to the ground by professional arsonists because of a Star of David in the dogtrot.

Hate crimes against me because of our attempts to protect, God's Holy Creation from harm is criminal under Federal Statutes.

Thanks for responding Ms. Howard.

The Chief of Police, intentionally allowed a druggie gang to operate out of a beautiful home that backs up to 10 acres of native forest.

Two known arsonists blew up the meth lab in the basement. We have been harassed ever since by the city, when in fact we have spent over \$50,000 making the structure beautiful where it is serving as the home for a pair of vultures.

My family has spent our life savings purchasing wildlife habitat amounting to at least \$50 million dollars.

The house (now a wildlife shelter) is perfectly safe and the city agreed that our brush/compost pile was legal and that two windows on the second floor in the back could be left open for our vultures and any other wildlife that might want to use the shelter.

Now the city has changed its mind and wants us to seal the windows which would eventually kill the vultures and babies from the eggs that they have laid in the house.

Thanks in advance for any help you can provide to get the city off my back. I'm the guy that sued the Fed Govt to protect the Red-cockaded Woodpecker and its habitat. We have been working with University of St. Mary's to study our Red Wolf ghost alleles (aka DNA). We have one active Bald Eagle nest and a significant population of Alligator Snapping Turtles being studied by the University of Houston: Clear Lake.

I learned from a Waterwood MUD Board member that the MUD secretary had to quit to take care of her husband who was badly injured when Flores felled a tree on him and his golf cart, badly injuring him. Flores had no safety cones, just recklessly felled the trees without paying attention.

Right now I am fighting the city threatening to fine me \$1,200 because of Joe Henderson's false complaints about the house at 1700 S, that the cops refused to do anything to arrest the gang of dangerous druggies that had invaded it and eventually blew up the meth lab in the basement.

The dirty cops know who the two arsonists were and had witnesses to the crime and yet have done zero due to the Chief of Police's RELIGIOUS HATE CRIME.

My PI believes this Elder Abuse, Harassment, and Threats meet the standard to be a Federal Offense. I do too.

Because he said I am going to burn in the fires of hell and that Jesus likes to execute innocent people "so they can be with Jesus sooner."

That hate hearing is to take place tomorrow. Allegedly it is Joe Henderson and his wife that continue to make false complaints that my political enemies at city hall swallow hook, line, and sinker.

My PI has made efforts to talk to Joe to find out why and he refuses to talk to him.

The city won't back off although I have been the victim of continuous harassment and the city harasser. Kevin Bayal, being supported by Aron Kulhavey, is in egregious violation of the "Policy and Procedures Manual" on many levels and should be terminated just as the Lunsford should have been terminated. The new Chief is just as bad. He was one of the gang of dirty cops that assaulted me in front of my office.

If Joe Henderson doesn't call off the dogs I will have no choice but to file a bar complaint against him.

When the druggies were trespassing and committing crimes in the neighborhood, they would call me in the middle of the night and tell me to do something about it and I would insist that they call the police and have the criminals arrested. If he had my house would still be intact.

What should I do?

Joe:

It has been alleged that you, and/or your wife are the parties making false complaints about the house that would not have exploded had you and the others in the neighborhood insisted that HPD arrest the druggies that had illegally invaded our house and operated a meth lab in the basement, along with a druggie camp in the woods behind your house.

The Chief of Police would do nothing for me and told me that I am "going to burn in the fires of hell and that Jesus likes for innocent people to be executed so that they "can be with Jesus sooner." This is a FEDERAL HATE CRIME to knowingly allow the druggies to operate out of that house, based on religious intolerance, which is the reason I asked the neighbors to insist that the druggies be arrested and evicted from the house. The damages are at least \$300,000 and I have spent at least \$60,000 making it beautiful, unlike Danny Pierce's eyesore on Sam Houston Ave and the dozens of other trashy houses throughout Huntsville.

A local judge gave him 100% of her estate, cutting out her son who was too scared to make waves. He then sold \$1,700,000 in community property and has gone on a buying binge, buying a lake house, a huge RV, other vehicles, and "partying".

HPD knows the names of the arsonists and the witnesses to the arson and refuse to arrest them while at the same time the city is causing great emotional distress, especially yesterday which was the day that we celebrated Karen's divorce from a Protected Gangster at our church two years ago.

He tricked her into believing that the divorce was final, which gave him a 10 day window of opportunity to torture and eventually finish her off with a bullet to her heart.

He was celebrating with his buddies at the murder scene, was given all of the evidence against him by HPD, including exclusive access to the safe house we had placed her in along with the car in which she was shot, her cell phone, her files, which we believe included her will, her computer and all other evidence.

He immediately collected \$600,000 in life insurance, had cheated us out of at least a million dollars, and had conspired with two other men to steal \$100,000 from me..

Her autopsy was kept hidden for 8 months and now we know why: She had suffered from 14 blunt force trauma wounds and the trajectory of the bullet was such that she could not have pulled the trigger, yet the cops say she committed suicide.

So I am not in any emotional or physical condition to be able to deal with the constant harassment coming from "people in the neighborhood."

Everyone should be happy that the druggies are gone at the expense of our lovely mid-century modern home.

My PI tells me that you refuse to talk to him. Why?

Please call off the dogs.

Thanks,

Ghr

\$611 fine for "failure to remove trash and debris" There is no trash or debris.

\$611 fine for "a vacant structure or land" The structure is a vulture sanctuary and NOT a human habitation.

They lie and change their demands at the drop of a hat. My wife and I are 77. My wife is confined to a wheelchair and I am a disabled veteran.

What they are doing to me is ELDER ABUSE.

The vulture family is not harming anyone.

I will have my IT man post photos which will be at www.georgerussell.net.

Today marks the beginning of Spring and the Equinox and marks the second anniversary of our daughter celebrating her divorce from an evil gangster.

He tricked her into believing that the divorce was final giving him 10 days to brutally beat her and then shoot her to finish her off.

He has been protected by the dirty cops, dirty sheriff and dirty DA and the

No. They just hate me for protecting wildlife, trees, wildflowers. Today marks the second anniversary of our daughter, Karen coming to our church to celebrate her divorce from a "protected" gangster and her new beginning free from torment. He secretly made sure the final divorce papers had not been filed which gave him a 10 day window of opportunity to plan her murder. The dirty cops, sheriff and D.A. protected him and he walked away with millions of dollars.

There is no ordinance against providing shelter for native species, including vultures. City officials lie and have spent decades tormenting me. Go to www.georgerussell.net and you can see me being assaulted by dirty cops, one of whom is now our Chief of Police.

The last one told me that I am going to burn in the fires of Hell and that Jesus likes for innocent people to be executed "so they can be with Jesus sooner". The Chief allowed a meth lab and druggies to operate out of the house that blew up.

Read the horrible story about the Sweetwater Rattlesnake Roundup and how it teaches children to love the killing and skinning of rattlesnakes. Read the last sentence. We have had a Rattlesnake Sanctuary on our church owned sanctuary and we welcome any Timber Rattlesnake to come and join our others.

Yes and they are malicious in their hatred of me and urban wildlife. The house was burned due to police hatred of me. It is no longer a house but an urban wildlife shelter. There is no ordinance to my knowledge that applies to the structure because it is totally safe and is attractive to the neighborhood. Please keep in mind that the police have been protecting the man that murdered our daughter nearly two years ago.

I am considering donating the property to our church. We believe that vultures and other animals and birds are sacred. But then again they hate our church and burned our 1845 log church to the ground and no one cares.

We had life sized statues of an elephant, giraffe, donkey, elk, buffalo on our chapel grounds but they were being stolen and the security company was told that the security officers would be fired if they reported any crimes against me, our church and our foundation to the police.

I am breaking no know ordinance and the city lied and said that there was garbage in the yard etc.

The mayor hates me with a passion because I am NOT a christian. He allowed the city to virtually destroy our Children's Museum by backing hundreds of gallons of human feces into the building and then blamed me while lying to the local paper. We have had vultures living in our folk art museum for many years and in other museums as well.

Huntsville is a slum in a lot of places. Aron Kulhavy has, in the past, ordered criminals at city hall that were harassing me to back off. This time he is on the side of the chief harasser. I have done EVERYTHING that I agreed to do and not he wants me to violate state and federal law and kill my vulture family.

1700 S is NO LONGER A HUMAN HABITATION but a native wildlife shelter. The guy Kevin B has continuously lied to me, my PI, and keeps demanding that I move my compost pile which he said was legal and trap my vultures inside the house.

My PI (a former California lawyer) recommends suing in fed court, but suing the city is costly and is no win so I believe that perhaps you could scare Kulhavy to make him leave me alone by telling him that there will be no more federal lawsuits against the city but that I will sue him personally for promoting elder abuse, hate crimes, and dereliction of duty.

Aron,

Please go by 1700 S. I have completed 100% of what I was instructed to do by Keven Bayal. Danny Pierce's eyesore has been a disgrace for decades and yet he and certain other "insiders" can get by with serious PUBLIC SAFETY issues and there is ZERO public safety issue at 1700 S. that I haven't taken care of.

BAYAL kept adding more and more while much of Huntsville is a virtual slum and there are dozens of derelict building and cars in Huntsville.

Due to fact that Chief Lunsford expressed RELIGIOUS HATRED against me in violation of FEDERAL LAW, and allowed a gang of druggies to invade our house and eventually blow up the meth lab in the basement, He in my opinion is personally responsible for the fire and the fact he knew who the two arsonists were and the names of eye witnesses yet HPD refuses to arrest them is a big black eye that makes our city look like the fact that anyone wearing a huge Christian cross will not be arrested even if they MURDERED our daughter nearly two years ago is beyond a horror story.

The building is now an urban wildlife shelter and our Vultures are laying eggs and will raise a family in the shelter.

They must have ingress and egress and the windows they go in and out of are OVER TEN FEET OFF THE GROUND and are totally inaccessible to trespassers or visible from the street of from any house.

Bayal, until recently was aok with protecting our Vultures which are protected under both STATE & FEDERAL LAW. Now Bayal is threatening me for no legitimate reason and trying to force me to commit crimes against these PROTECTED BIRDS.

He also agreed that the compost pile which is also a wildlife shelter is legal and it is now nearly hidden by greenery. Now he is demanding that this 77 year old handicapped senior citizen has to move it.

I guess that both you and he are not familiar with the CITY OF HUNTSVILLE POLICY AND PROCEDURES MANUAL, as both you and Bayal are in SERIOUS VIOLATIONS.

"EMPLOYEES ARE RESPONSIBLE FOR COMPLIANCE WITH ALL POLICIES IN THIS MANUAL."

"CITY EMPLOYEES MUST NOT ENGAGE IN ANY ACTIVITIES...THAT ARE INCOMPATIBLE WITH THE IMPARTIAL...PERFORMANCE OF THEIR DUTIES OR...THAT MAY ADVERSELY AFFECT THE CITY'S REPUTATION"

WHO SHOULD I SUE PERSONALLY?

Tammy:

I need your help. Aron is digging a hole that may be hard for him to climb out of by allowing one of his men to illegally harass me, a handicapped senior citizen, nearly 78 years of age with zero justification, aka ELDER ABUSE.

It was HPD that refused to arrest the druggies that were operating out of my house at 1700 Ave S. The druggies eventually blew up the meth lab in the basement destroying it as a human habitation. HPD knows the names of the two arsonists and there were witnesses and HPD refuses to arrest them.

The last Chief of Police told me that I am "going to burn in the fires of Hell and Jesus is in favor of the death penalty for innocent people "so they can be with Jesus sooner. Refusing to protect me and my property based on the fact that I am not a Christian is a FEDERAL HATE CRIME.

HPD has furthermore refused to arrest the man that brutalized our daughter on March 27, 2021 and then shot her dead. HPD then gave the chief suspect virtually all of the evidence that would have immediately put him in prison for the rest of his life. The autopsy was kept secret for 8 months and now we know why. Karen suffered from 14 blunt force trauma wounds on her body and the trajectory of the bullet that finished her off on the 30th was such that she could not have pulled the trigger.

Her killer was then given 100% of her personal and community property and collected \$600,000 in life insurance. He then sold some property for \$1,700,000 threatened her son, some of her friends and me.

He defrauded us out of at least \$1 million, got me in debt \$300k and STOLE \$100,000 fully and completely documented. I gave the packet to Aron months ago and Aron told me that he gave the iron clad documentation to HPD and they have done nothing due to their religion based hatred of me.

The new chief was one of the dirty cops that assaulted me in front of my office and threw me in jail for taking photos of criminal trespass and criminal vandalism while accompanied and directed to do so by my attorneys.

I did more and spent more money while Kevin Bayal would threaten me with false arrest and extort \$1,200 from me.

Bayal won't give it up and is trying to force me to violate both State and Federal laws.

In the past when I would call Aron's attention to illegal acts by his staff. On August 16, 2022, the complaints against me were dropped and then later the city started making new complaints just for purposes of harassment and to force me to spend large sums of money to make the ruins look brand new.

With overhead I am now well over \$50,000 in costs.

At this point I have done 100% of what Bayal had ordered me to do and now he is demanding

that I harm the Vulture family that lives in the structure that will never be a human habitation. It is a Vulture sanctuary designed to blend into the neighborhood.

We are donating the property to THE ETHICIAN FOUNDATION TO SERVE A WILDLIFE SANCTUARY. Please drive by and see for yourself and then go to www.georgerussell.net and see for yourself that I have been targeted for harassment by Bayal and thus the taint will be on Aron if he doesn't order Bayal to drop the baseless charges.

Failing to reprimand or fire Bayal, in my opinion would represent DERELICTION OF DUTY by Aron.

I like Aron and wish him no harm but he needs to call his snarling dogs off IMMEDIATELY

Aron,

Please go by 1700 S. I have completed 100% of what I was instructed to do by Keven Bayal. Danny Pierce's eyesore has been a disgrace for decades and yet he and certain other "insiders" can get by with serious PUBLIC SAFETY issues and there is ZERO public safety issue at 1700 S. that I haven't taken care of.

BAYAL kept adding more and more while much of Huntsville is a virtual slum and there are dozens of derelict building and cars in Huntsville.

Due to fact that Chief Lunsford expressed RELIGIOUS HATRED against me in violation of FEDERAL LAW, and allowed a gang of druggies to invade our house and eventually blow up the meth lab in the basement, He in my opinion is personally responsible for the fire and the fact he knew who the two arsonists were and the names of eye witnesses yet HPD refuses to arrest them is a big black eye that makes our city look like the fact that anyone wearing a huge Christian cross will not be arrested even if they MURDERED our daughter nearly two years ago is beyond a horror story.

The building is now an urban wildlife shelter and our Vultures are laying eggs and will raise a family in the shelter.

They must have ingress and egress and the windows they go in and out of are OVER TEN FEET OFF THE GROUND and are totally inaccessible to trespassers or visible from the street or from any house.

Bayal, until recently was aok with protecting our Vultures which are protected under both STATE &

FEDERAL LAW. Now Bayal is threatening me for no legitimate reason and trying to force me to commit crimes against these PROTECTED BIRDS.

He also agreed that the compost pile which is also a wildlife shelter is legal and it is now nearly hidden by greenery. Now he is demanding that this 77 year old handicapped senior citizen has to move it.

I guess that both you and he are not familiar with the CITY OF HUNTSVILLE POLICY AND PROCEDURES MANUAL, as both you and Bayal are in SERIOUS VIOLATIONS.

"EMPLOYEES ARE RESPONSIBLE FOR COMPLIANCE WITH ALL POLICIES IN THIS MANUAL."

"DEPARTMENT DIRECTORS HAVE AUTHORITY AND ARE RESPONSIBLE FOR THE PROPER AND EFFECTIVE ADMINISTRATION OF THESE POLICIES....:

Hi, George. Joe shared your letter with me and I think you have been misinformed on a number of issues. First, yes, we and a number of other neighbors have been in touch with the City regarding your burned house. That is true. After more than 3 years, it is terribly frustrating to have the home and yard remain in unlivable conditions. We see a number of cats and other vermin regularly going in and out of the house;; a pair of buzzards roost inside and stop on our roof when exiting, making quite a mess; the home is bound to be full of mold and mildew since it is open to the elements—several neighbors have experienced worsening allergy problems; the burn smell when it rains is quite strong. NOT
The weeds, piles of wood and other debris around the house are a breeding ground for rats, mice, snakes, insects, and other pests. It is everyone's hope that you will complete restoring the home as soon as possible, rent it to a nice family or sell it. It was, and can be, such a beautiful place. As it is now, it is a health, fire and safety hazard to the entire neighborhood.

In regard to why no one reported what was going on at the home before the fire, you are terribly wrong. A number of us called the police, fire and even health department on numerous occasions. Joe spoke with you directly at least once; some called you and/or your office—one person being told you could do nothing because they were paying the rent. You know, of course, that you were the one who would have to initiate an eviction, not neighbors or the City. We all felt we did everything we could to correct a really horrendous situation. COVID

NOT PAYING RENT

As to the death of your daughter, Joe and I were terribly sorry when we heard the news and knew how awful such a tragedy had to be for you and your family. Having a daughter ourselves, we have the utmost sympathy for you. However, we know nothing of the circumstances surrounding her death and have no ability to do anything regarding the investigation and its outcome. Neither of us is sure what you mean about not talking to your PI?? No investigator has ever approached either of us to discuss the case. And, there would be absolutely nothing that we could add, if he did.

Going forward, we and the entire neighborhood look forward to having this "house" matter come to a satisfactory conclusion as soon as possible. It has been a long 3 years!

Thank you, George. My best wishes to Sue and you.

I have spent at least \$60,000 making the exterior of the house compatible with the neighborhood. It can never be restored as a human habitation as that would cost at least \$300,000 and the man that murdered our precious daughter defrauded us out of at least a million dollars, got us in debt \$300,000 and then conspired with Polk County Title and a local attorney to actually steal \$100,000 leaving a complete paper trail that was given to the police many months ago by Aron Kulhavy and there have been no arrests. The police knew the names of the two arsonists and the names of eye witnesses yet refuse to arrest them.

We are donating the property to The Ethician Foundation to serve as an urban wildlife sanctuary or you may wish to purchase it for \$200,000 before we deed the property to our foundation.

The almost invisible compost pile is legal and serves as wildlife habitat.

If there are rats, which are everywhere, the presence of cats is a very good sign that they are eating the rats and likewise snakes eat rats.

What weeds? Name the species.

It is NOT a health, fire or safety hazard to the entire neighborhood. I find that untrue statement to be bordering on libel.

I have been over there many times when it is raining and I NEVER smelled and "burn smell" that can cause allergies. Everyone is suffering from allergies at this time of year and it is NOT from breathing in a burn smell.

It was the responsibility of the police to take the druggies to jail and they were dangerous being hopped up on who knows what kind of dope.

During COVID we were prohibited from evicting them and when we could evict them we discussed our fear that they would retaliate and burn the house down.

I was trying to ease them out of the house but the drug dealers refused to leave and as trespassers the police should have gotten them out.

Chief Lunsford hated me and refused to even fine vandals and thieves that ripped down and later stole our church's anti-death penalty sign. All I asked was for HPD and later Lunsford personally to fine them \$5 and let them go.

Because I am NOT a Christian, Lunsford told me that I am GOING TO BURN IN THE FIRES OF HELL AND JESUS LIKES EVEN INNOCENT PEOPLE TO BE EXECUTED SO THAT THEY CAN BE WITH JESUS SOONER? I had to depend on you and the other neighbors to demand that HPD do its job because of the unconstitutional hatred directed at me.

THEY WERE NOT PAYING RENT AND EVERYONE IN MY OFFICE KNEW THAT!!! The daughter of the family that rented the house for many years had a drug abuse criminal history and a history of stealing her father's social security checks and NOT paying rent.

My PI told me that he made two attempts to talk to you to find out why you are still apparently harassing me for no legitimate reason except to cause me great emotional distress, financial distress and physical distress. He said you refused to talk to him.

The Vultures are protected by STATE & FEDERAL LAW and I love them because they are SACRED TO MY CHURCH and they clean up dead squirrels and other dead animals.

Tomorrow marks the second anniversary of our daughter being beaten half to death, and her killer calling one of her friends about 4 in the morning the next day and saying "I BROKE HER."

The day of her murder, March 30, 2021 her killer was celebrating with his buddies outside the SAFE HOUSE we had put her in to keep him away from her. HPD gave her killer all of the evidence including EXCLUSIVE use of her SAFE HOUSE so that he could rifle through her files, cell phone, computer and no doubt found her will and destroyed it and they even gave him the death car that no doubt contained forensic evidence linking him to the murder.

The afternoon of her murder he ESTRANGED husband who tricked her into believing that her divorce was final came to church on the 20th to celebrate her new life away from an abusive monster, called me around 6:30 pm on the 30th, and in a rude and gruff voice demanded, "DIL, GET YOUR ASS OVER TO YOUR DAUGHTER'S HOUSE. SHE SHOT HERSELF IN THE HEART. SHE'S DEAD." According to a neighbor he had thrown her out of the car and into the dirt and when the neighbor who knew CPR wanted to see if he could save her, Frank yelled at him to not touch her.

We were told month after month that her autopsy had NOT been completed. Eight or so months later it was located by our daughter Jane in an elected official's office, and when we read it we immediately knew the reason the killer's protectors wanted it hidden. She had FOURTEEN BLUNT FORCE TRAUMA WOUNDS ON HER BODY AND THE TRAJECTORY OF THE BULLET THAT FINISHED HER OFF WAS SUCH THAT SHE COULD NOT HAVE PULLED THE TRIGGER.

HPD claims that she committed suicide which is a bald-faced lie, but even if she died intestate, her son would have been given 25% of her estate and got nothing. He even called USAA in an attempt to claim that the \$300,000 in life insurance should be made out to him.

He collected \$600,000 in life insurance and then sold some of her personal and community property for \$1,700,000. He is dangerous to me, my family, to her son, and to her friends. He has made numerous death threats and one of her friends sold his house and went into hiding.

So far he has bought a new big RV, a lake house and partying. HPD conducted no known investigation, nor did the sheriff nor did the DA as far as we can tell.

The stress from having to deal with city officials that are violating the employee handbook in multiple areas appears to be bringing on Parkinson's Disease which is stress related, as are strokes and heart attacks. I am having difficulty walking without a cane and am now a handicapped senior citizen.

Your claims about 1700 Ave S are utter nonsense at this point in time as I have done more to make it pretty and fit into the neighborhood.

Huntsville is filled with public eyesores. Danny Pierce being the worst multi-decade offender and then there is Dr. Peck's burned out house on Ave O and an apartment that John Kerr Smither recently sold across from the old high school.

Go to www.georgerussell.net and you can read the autopsy and then there are photos of just a few of the derelict buildings and abandoned vehicles all over town that the city does nothing about. They just target me for harassment which is a violation of law.

Please pay particular attention to Anti-Slaap Law on page 161.

And since Karen's murder and the city failure to investigate and arrest her killer and since the chief's hatred of the fact that I am not a Christian and will "burn in the fires of hell", wouldn't allow HPD to take any action against the criminal druggies that blew up our house at 1700 Ave S, both my mental and physical health has deteriorated from stress, emotional distress, clinical depression, and am now handicapped.

After all, I have been a senior citizen for nearly 18 years now and the stress from city failure to protect me, our property or investigate the murder of our precious child has taken a toll on me.

Let's not have to take CODE HARASSMENT to State and/or Federal Courts.

CEASE AND DESIST FROM FURTHER ELDER ABUSE, HARASSMENT, INTIMIDATION, HATE CRIMES AND THREATENED JAIL TIME AND EXTORTION!!!

I received another bogus demand from Municipal Court that dishonestly states that it is against the law to have a NOT VACANT beautiful wildlife structure.

It is no longer a human habitation. The ONLY reason the meth lab blew up was due to HPD failure to arrest the trespassers and druggies that invaded the structure and I had to rely on the neighbors to call the police, which they did and HPD did nothing due to Chief Lunsford's expressed hatred of me and that it was not a crime to tear down and stomp on our CHURCH'S anti-death penalty sign and that it was not a crime when it was stolen by a man with a cross around his neck. According to Lunsford, I am going to "burn in the fires of Hell and the thief was "pre-forgiven" for stealing the sign even before he stole it.

This psycho-religious persecution is a VIOLATION OF FEDERAL HATE CRIMES LAWS.

The bogus threat dishonestly states that there is trash and debris on the site which is patently FALSE. There is an almost hidden compost pile/habitat that Bayal told me was LEGAL and there is ZERO trash.

Yesterday marked the second anniversary of the day that Frank Robinson tortured and brutalized our precious daughter Karen Lee Russell. Two days from now will mark the second anniversary of Frank Robinson shooting her in the heart and killing her.

Because he is a protected gangster, we are not aware of any investigation into Karen's murder. Frank was threatening two of her friends with death as well as making threats against me.

He was the chief suspect in her murder, yet HPD gave him sole access for around two weeks to the SAFE HOUSE we put her in for her protection from her eventual killer. He thus had access to her files, her will, which we are sure she had, her computer, her cell phone and the death car. The murder scene was not properly secured and even latex gloves were discarded at the scene. When Kristi Zeltner, Jenny Bennett and I arrived at the scene of the crime, Frank appeared to be celebrating with his friends, was obviously drunk and drugged out. We begged HPD to drug test him, his clothing, take his finger prints and all other SOP when there were millions of dollars involved in Frank's favor in killing Karen. After he shot her in the heart he called me and in his usual gruff matter of fact demand said: "DIL, better get your ass over to your daughter's house. She shot herself in the heart. She's dead".

He threw body into the dirt beside the car and refused to allow a neighbor trained in CPR to touche her to see if she could be saved. He wanted to make sure that she was dead, dead, dead.

Estranged husbands are ALWAYS the chief suspects in the murder of a women who believe that they were divorced. She came to our Church on the 20th of March 2021 to celebrate her divorce, but he had tricked her and the final paper had not been filed, which gave him a 10 day window of opportunity to murder her for millions of dollars.

We believe that he began planning her murder two years before when he filed for divorce to make sure that the total of \$900,000 in life insurance would be in force since the murder was made to look like suicide.

He tried to defraud her son's out of his \$300,000 in life insurance by trying to trick USAA into sending the money to him. He intimidated her son who, by law, should have been given 25% of her estate if she really did die intestate but Judge Sorenson gave Frank 100%. Well before she was killed he filed a fraudulent document stating that he was a SINGLE MAN in order to obtain 100% of their homestead property.

He then sold over \$1.7 MILLION DOLLARS worth of her property and community property with closing taking place in Polk County rather than Walker County. He then conspired with a Huntsville attorney with a history of helping to defraud me out of large sums of money and with the help of Andrew Boyce, of Polk County Title he stole \$100,000 of my money.

If you recall I gave you the entire packet with the evidence of the theft and you told me that you gave it to HPD, AND HPD did obviously did nothing with it.

So in virtually every murder of a wife, when large sums of money are involved, it is the estranged husband that pulls the trigger.

If you recall, I gave you the entire documented.

Her autopsy was kept hidden for around 8 months and finally our daughter Jane, located it in an elected official's office, after Jane been told repeatedly that the autopsy had not been completed, which of course were bald faced lies.

The reason it was hidden is that she had 14 blunt force trauma wounds on her body and the trajectory of the bullet was such that she could not have pulled the trigger.

I had asked you who hires and fires the Chief of Police and had asked you to fire Lunsford for committing RELIGIOUS HATE CRIMES and dereliction of duty and you did not.

And now in this stressful and depressing time you are DERELICT IN YOUR DUTY which would be to call the dogs off, when I have fulfilled MORE than any other person in the history of Huntsville has had to do in making 1700 Ave S more beautiful than when the druggies invaded it.

The hate has been targeted against me virtually continuously over decades of abuse. You even made the officer that was one of the thugs that violated my civil rights and assaulted me in front of my office and arrested me for taking photos of criminal trespass and at least \$500,000 in criminal vandalism on our historic properties while I was accompanied by and under the direction of my attorneys.

On August 24, 2022 I received a dismissal letter that stated that "The charge of Substandard Structure which was filed against you on 08-09-2022 has been dismissed."

However we did not stop work on the structure and continued making it beautiful beyond what anyone in the history of Huntsville has ever done to make the vulture habitat architecturally beautiful by spending an ADDITIONAL \$10,416 to fulfill all requests.

Then the harassment has begun in force to try to force us to spend a small fortune moving our compost pile that one has to strain to see and to kill the vulture family in violation of State and Federal laws.

PLEASE CEASE AND DESIST FROM FURTHER HARASSMENT OF A 77 YEAR OLD HANDICAPPED SENIOR CITIZEN when Huntsville is home to dozens of unsafe dilapidated structures and abandoned vehicles and DISMISS the current baseless charges. If one of the neighbors is continuing to file false complaints then please tell her/or him to CEASE AND DESIST

Tomorrow is the second anniversary of the brutal torture, beating and murder of our daughter and HPD has done nothing to put her killer behind bars.

I finally figured out why I have been targeted for RETALIATION, ELDER ABUSE, HATE CRIMES ETC.

It must be retaliation for me having filed ADA complaints and the fact that I am NOT a Christian.

STOP THE HATE NOW PLEASE!!!

In past years you have used your authority to make sure that city employees were not out of control but today you are allowing an ethically bankrupt city employee to promote what I consider to be Federal Hate Crimes against me for zero reason.

1. OUR \$600k house at 1700 Ave S. was blown up because of EXPRESSED HATE COMING FROM THE

CHIEF OF POLICE who told me that because I am NOT A CHRISTIAN I WAS GOING TO BURN IN THE FIRES OF HELL AND THAT JESUS WANTS INNOCENT PEOPLE TO BE EXECUTED SO THAT THEY CAN BE WITH JESUS SOONER.

This is using religious psychosis to punish me and allow DRUGGIES TO OPERATE FOR MONTHS IN THAT HOUSE AND EVENTUALLY BLOW UP THE METH LAB.

2. Bayal has proven to be a pathological liar in my experience by promising to pay for the damages caused by pumping human feces into our Children's Museum and then working with me to repair the house that was BURNED DUE TO HPD REFUSAL TO TAKE THE CRIMINALS TO JAIL BEFORE THE HOUSE EXPLODED .

3. BAYAL KEEPS MOVING THE BAR AND MAKING ABSURD AND RIDICULOUS NEW DEMANDS, WHEN A LARGE PART OF HUNTSVILLE IS A VIRTUAL SLUM, DANNY PIERCE BEING ALLOWED TO MAKE OUR MAIN ROAD A DISGUSTING SLUM.

4. Targeting me for hatred and hate crimes by the city is UNCONSTITUTIONAL while allowing hundreds of slum dwellings to never be messed with.

5. ELDER ABUSE is a form of HATE CRIME since harassing me for no reason has no legal merit.

6. Being assaulted by dirty cops and then making one of the corrupt cops the new Chief of Police is totally ethically wrong and no doubt illegal.

FACTS: Bayal approved the compost piles that are virtually out of sight.

FACTS: The former house is NO LONGER A HOUSE BUT A WILDLIFE SANCTUARY, housing a pair of protected vultures according to FEDERAL LAW.

FACTS: Bayal understood that the vultures need ingress and egress, both of which are virtually hidden from public view. One is an open small window where the vultures enter and the exit is not visible and on the second level.

FACTS: The criminals and arsonists have been protected by the corrupt cops even though the arsonists are known and were observed starting the fire that virtually destroyed the house by witnesses.

FACTS: Our daughter was murdered nearly two years and the cops have done ZERO to even arrest the thieves that stole \$100K which is fully documented and that I gave to you personally to order the cops to do their job.

THE CITY IS STILL IN NON-COMPLIANCE WITH THE ADA AND MY WIFE HAS STILL NOT BEEN ABLE TO VISIT THE MUSEUM SHE PAID FOR.

Please either start doing the job the taxpayers are paying you to do or RESIGN!!!

P.S. JUST ONE LAST CHANCE TO CALL YOUR DOGS OFF AND LEAVE ME AND MY URBAN WILDLIFE SANCTUARY ALONE. "A secondary responsibility is to make sure that our decisions are not impaired by personal relationships,

or that others do not call into question our professionalism or judgment because of personal relationships that exist."

COMMENT: It has come to my attention via sources that I believe to be reliable, that you have had inappropriate relationships with at least two females associated with the city.

PAGES 58-59 12.02 CODE OF ETHICS

A. "It is the intent of the City of Huntsville to conduct all its business in accordance with the highest standards of ethical conduct."

COMMENT: Lying, harassing a senior citizen without cause of justification are just some of the unethical conduct that I have been subjected to.

B. "Employees shall maintain the utmost standards of personal integrity, truthfulness and fairness in carrying out their duties, avoiding real or perceived improprieties in their roles as public servants, and never using their power for improper personal or professional gain".

COMMENT: You have been in egregious violation of virtually all of the standards demanded of you.

C. "City employees must not engage in any activities, transactions, or relationships that are incompatible with the impartial, objective performance of their duties, or that are adverse to the City's interest, or that may adversely affect the City's reputation."

COMMENT: By your lack of professional management and waste, failing to terminate out of control underlings like Kevin Byal, who is operating unethically and dishonestly outside the scope of his position, and intentionally leaving the non-ADA sidewalk in front of our "African" museum in dangerous condition so that my crippled wife cannot even visit the museum that she paid for.

F. "Employees shall avoid any action, whether or not specifically prohibited, which might result in, or create the appearance of any of the following as identified below.

"Employees must disclose any concerns or questions regarding these actions to their Department Director or City Manager in advance".

COMMENT: When are you going to discipline yourself for egregious violations of the

following?

2. "Giving preferential treatment to any organization or person."
3. "Impeding efficiency or economy".
4. "Losing complete independence or impartiality of action."
6. "Adversely affecting the confidence of the public in the integrity of the organization."

COMMENT: F ----- on each.

PAGE 67 12.11 Sexual and Other Forms of Harassment

A. "City employees are also prohibited from harassing other employees, citizens, vendors, and all other third parties."

COMMENT: You and Bial refuse to stop harassing me for no reason except taking some kind of sadistic pleasure in causing me great emotional pain and huge financial losses especially since it was HPD that refused to arrest the criminal druggies and who blew up the house. An arrest was made in the recent arson case in north Huntsville, yet REFUSED to arrest the two known arsonists that blew up 1700 Ave S. This was intentional RELIGIOUS DISCRIMINATION against me coming from the Chief of Police and no doubt the ethically bankrupt mayor.

D. "Harassment on the basis of any other legally protected characteristic is also strictly prohibited. This means that verbal or physical conduct that singles out, denigrates, or shows hostility or aversion toward someone because of...religion...age...disability...or any other characteristic protected by law is also prohibited."

COMMENT: Elder abuse, condemning me to the fires of Hell because I am NOT a Christian and breaking ADA laws even when the Federal Government ordered you to rebuild the dangerous sidewalk is irresponsible conduct.

F. "Harassment of any nature, when based on RELIGION...AGE OR DISABILITY...is prohibited."

COMMENT: Your harassment has negatively impacted my mental health, financial health and physical health and meets the definition of ELDER ABUSE.

PAGE 69

I. "Misconduct constituting harassment or retaliation will be dealt with appropriately. Discipline, up to and including DISMISSAL will be imposed upon any employee who is found to have engaged in conduct prohibited by this policy."

COMMENT: I suggest DISMISSAL for both you and Bial.

K. "All complaints of harassment will be promptly investigated under the guidance of Human Resources, the City Attorney, and/or by an OUTSIDE INVESTIGATOR as determined by the City."

COMMENT: Only a neutral professionally qualified outside investigator should be hired.

1700 ELDER ABUSE

16 April 2023

Aron:

By your failure to fire the religious zealot Chief of Police and re-educate and/or weed out any HPD officers that had been infected by his extreme discrimination against anyone that does thump Bibles at his same cadence and thus allow criminals to go unchecked and allow druggies to operate out of our house at 1700 Avenue S for many months, until two of the druggies started a fire that eventually blew up the meth lab we believed was in the basement, doing 3 or 4 hundred thousands in uninsured damages to the structure.

The new Chief of Police was trained by the old one and so he has likewise not taken any action to arrest the people that stole \$100,000 from me that is fully documented in the folder I gave you personally for you to DEMAND that HPD do its job.

WHAT YOU AND HPD HAS DONE TO ME EMOTIONALLY, FINANCIALLY CONSTITUTES ELDER ABUSE ACCORDING TO THE TEXAS ATTORNEY GENERAL AND THE U.S. DEPARTMENT OF JUSTICE.

The City and The Chief of Police should be liable for the extreme financial distress they have put me under through INTIMIDATION, THREATS OF PUNISHMENT SUCH AS BEING ARRESTED AND THROWN IN JAIL which happened under the direction of the new Chief of Police.

Photos of me being assaulted and falsely arrested by corrupt cops can be found at www.georgerussell.net.

The failure of HPD to arrest the known arsonists, while arresting another arsonist that burned up a property that had been owned by John Kerr Smither, who has had contractors criminally trespass onto our museum district multiple times and do \$10,000 to \$20,000 in damages shows profound targeted failure to protect either me or our property.

HPD refused to investigate or arrest the gang of "Christians" that tore down and stomped on our CHURCH'S anti-death penalty sign or to arrest the man that stole it the first time or arrest the female that stole it another time after we got the sign back from the first thief.

When a criminal kicked in the door of our 1831 museum house, our security guard called HPD and when he and they got to the house they threw him in jail.

He is Black so I consider his false arrest to be severe discrimination. When the door to our "AFRICAN MUSEUM" was kicked in HPD didn't seem to care.

If you had done your job, I feel confident that the druggies would have been taken to jail and 1700 Avenue S would already have been remodeled for the \$72,000+ that it has cost me to turn the burned out structure into beautiful wildlife habitat.

Your further failure to demand that whoever is constantly filing FALSE COMPLAINTS, or take them to jail has caused me great emotional and financial distress that is definitely ELDER ABUSE.

JASON HAECKER is the honest and professional Code Enforcement Officer but you took that job

away from him and gave it to the dishonest and hateful employee who is NOT a Code Enforcement Officer, but is Development Services Director. I believe that was a malicious act on your part to intimidate me and cause me great financial and emotional harm.

Attempting to force me to violate FEDERAL and STATE LAW in regard to our Vulture family that has resided in the structure, is UNWARRANTED and has caused me great stress.

My wife and I have spent well in excess of \$50,000,000 to protect Vultures and other protected species from harm. Vultures provide an important service by eating dead animals that if left to rot could harm pets and humans due to diseases that the Vultures are immune to and thus the bacteria and viruses are killed while traveling through the Vulture's digestive system.

PLEASE CALL OFF THE DOGS!!! Falsely charging me and forcing me into spending over \$70,000 due to POLICE MALFEASANCE is no doubt a crime and FINANCIAL EXPLOITATION AND HARASSMENT OF A SENIOR CITIZEN.

In our Church, Vultures are sacred as they are in other religions. LEAVE ME AND THEM ALONE!!!

I am so sorry that the promised story about the urban wildlife sanctuary at 1700 Ave S was not published today.

Aron Kulhavy is still attempting to destroy me financially and emotionally.

What he is doing to me meets the definition of elder abuse and even a hate crime.

HPD was obviously ordered to protect the killer that murdered our daughter and defrauded us out of at least a million dollars plus stole \$100,000 with the help of two other men.

The theft if fully documented and it was in Kulhavy's hands and he promised to give it to HPD and order them to investigate and take action against organized crime.

Huntsville is doomed unless we can shed a light on the criminal cockroaches and force them to scurry under their refrigerators.

Henderson refuses to stop harassing me for zero legitimate reason except hate and causing me great mental and financial anguish.

Filing false complaints can be considered slander if verbal under Texas, Law and libel if written.

My PI visited with Henderson and asked him to cease and desist from filing bogus complaints against me and to drop the "charges" as was done in August of last year, only to come back full force in January of this year.

In my opinion, Henderson is partially responsible for the druggies invading 1700 Ave S, operating a druggie operation, that we believe included a meth lab in the basement by failing to demand that HPD arrest the druggies, one of which had been in TDCJ on drug charges. The house was filled with bongos and all kinds of drug paraphernalia. There were stolen credit cards and other evidence of theft, yet the police did nothing although they know the names of the arsonists and have witnesses to prove it.

HPD also knows who murdered our daughter and who defrauded us out of a million dollars and stole \$100,000, which is fully documented.

When hopped up on drugs they were dangerous and the Chief of Police told me I was going to burn in the fires of hell because I am NOT a Christian and that Jesus likes innocent people to be executed so "that they can be with Jesus sooner."

So from my perspective, Henderson has allied himself with Aron Kulhavy who is trying to crucify due to Henderson's bogus complaints, which I believe to be criminal.

My PI told him that I do NOT want to sue Henderson personally but he is pushing me to the edge which has had a negative impact not only my mental health and financial health but my physical well-being.

I just got off the phone with the Department of Justice, discussing my legal alternatives, if I am forced to sue Henderson for ELDER ABUSE and what it has cost me to totally make the wildlife shelter beautiful.

We are getting close to \$100,000 to get him off my back and the corrupt City Manager wants me to pay huge fines and violate State and Federal Laws.

100% of this hate is coming from Henderson. If I am forced to spend \$100,000 to sue him and also to FILE A FORMAL COMPLAINT with the Texas Bar for his infractions of the BAR CODE OF ETHICS, then I fear that could have a negative impact on your firm, which I do not want to happen as I have done business with your firm for decades and with positive results.

I want to continue to trust your firm and All OF its members to adhere to the highest standards of ethics and to retain my trust, so implore you to council with Henderson and ask him to please ask the City to call off their dogs.

"The Office of the Attorney General and the State of Texas are committed to protecting (me) from emotional and physical abuse as well as financial exploitation."

"Abuse includes...intimidation, harassment and threats of punishment." Because of

Henderson's FALSE COMPLAINTS I have been threatened with jail, huge fines and forced to violate STATE AND FEDERAL LAWS due to his hatred against our protected Vulture family that inhabits the beautiful wildlife shelter.

He even complained that there may be a snake on our property and complains about the back yard that has ALWAYS been natural, while he has a compost pile in his front side yard and has snake habitat in the woods that adjoin his south and west sides of his property.

Please drive by 1700 Ave S and see for yourself that I am the ONLY citizen in Huntsville's history that has been subjected to so much hate that I have had to spend a huge fortune while Huntsville is littered with slum properties, like Danny Pierce's ugly building on the main drag across from Heartfield Florist.

I have complained repeatedly, about Danny Pierce's public slum over course of decades, each time I have been harassed by the City just because the local Mafia hates me and our County Judge has NEVER been forced to comply.

You know that this harassment adds to the fact that our beautiful daughter was beaten half to death and then murdered three days later and the cops have been protecting her killer ever since.

That is why the dirty cops allowed the druggies to operate next door to Henderson. He could have and should have demanded they be arrested but did not which resulted in the destruction of our fabulous mid-century house.

When his wife would call me at night and demand that I do something about the druggies, I told her that I was in San Jacinto County caring for my crippled wife and that since HPD hates me then they should use their political influence (of which I have none) to demand that HPD take action, which would have saved our house, but instead I have become victimized by their rapid hatred of me, even after I have spent tens of thousands of dollars to try to make them happy and get them to stop the unfair, unethical and illegal harassment of me.

A. "It is the intent of the City of Huntsville to conduct all its business in accordance with the highest standards of ethical conduct."

COMMENT: Lying, harassing a senior citizen without cause of justification are just some of the unethical conduct that I have been subjected to.

B. "Employees shall maintain the utmost standards of personal integrity, truthfulness and fairness in carrying out their duties, avoiding real or perceived improprieties in their roles as public servants, and never using their power for improper personal or professional gain".

COMMENT: You have been in egregious violation of virtually all of the standards demanded of you.

C. "City employees must not engage in any activities, transactions, or relationships that are incompatible with the impartial, objective performance of their duties, or that are adverse to the City's interest, or that may adversely affect the City's reputation."

COMMENT: By your lack of professional management and waste, failing to terminate out of control underlings like Kevin Byal, who is operating unethically and dishonestly outside the scope of his position, and intentionally leaving the non-ADA sidewalk in front of our "African" museum in dangerous condition so that my crippled wife cannot even visit the museum that she paid for.

A. "City employees are also prohibited from harassing other employees, citizens, vendors, and all other third parties."

COMMENT: You and Byal refuse to stop harassing me for no reason except taking some kind of sadistic pleasure in causing me great emotional pain and huge financial losses especially since it was HPD that refused to arrest the criminal druggies and who blew up the house. An arrest was made in the recent arson case in north Huntsville, yet REFUSED to arrest the two known arsonists that blew up 1700 Ave S. This was intentional RELIGIOUS DISCRIMINATION against me coming from the Chief of Police and no doubt the ethically bankrupt mayor.

The corrupt Aron Kulhavy sent two more code enforcement agents to harass me although time and time again we had complied with all requests. The charges were dismissed on August 9, 2022.

And then they keep intimidating, lying, threatening and harassing me for zero legal or legitimate reason. The cops sent two or three patrol cars to go by 1700 Ave S.

The were blocking the road, so I took their photo and one came over and, knew who I was, and said that they had gone to Ave P, where I encountered two of them parked in the middle of the road and began lying to me.

1. M. Jenkins lied after circling in front of 1700 S more than once just minutes before they blocked the road and said he had never been to that address.

Having two or three cop cars out to harass me and intimidate me is ELDER ABUSE!!!

2. The new code enforcers made absurd new demands that were nothing but additional intimidation and harassment as we had repeatedly done everything demanded but Kevin Byal would always come up with something new.

3. Byal had said that we didn't need to close off the openings no one can see at the back of the house and then changed his mind and forced me to VIOLATE BOTH FEDERAL and STATE LAW to kill my Vulture family, by shutting the parents outside so that they can't feed their babies.

4. I guess I will still have to go to court and see what they will try next.

5. The city has hired the firm as prosecutors that played a role in protecting the man that murdered our daughter and was one of three men that stole \$100,000 from me. Aron had the entire paper trail of proof positive and the cops did nothing.

6. The corrupt cop said that Karen committed suicide so I told him to read the autopsy report and then tell me how many women kill themselves by beating themselves half to death and then shooting themselves in the heart in a way that she could not have physically pulled the trigger. Unfortunately I turned off my recorder to show him Karen's photo. He said women don't shoot themselves in the heart but I didn't get that on tape.

I am attempting to find someone in the U.S. Fish and Wildlife Service who will tell the Huntsville, Texas, City Manager (Aron Kulhavy) to cease and desist from harassing me and forcing me to harm the family of Vultures that inhabit our shelter in our Urban Wildlife Sanctuary.

Yesterday, I was forced, to close the ingress and egress for our vultures. After the police cars left that were sent to harass me, we went inside to check on our vultures and one was stressed to the max attempting to break through the glass. We opened the windows and the poor bird flew out.

I would think it would be a violation of law to force me to violate Federal Law and follow orders that would kill our vultures and their babies.

If I can file criminal charges against the corrupt city manager, I will if you can tell me how.

Good Afternoon,

Thank you for reaching out to the Service with your concerns over migratory birds. We do appreciate and understand your concern regarding migratory birds.

The Migratory Bird Treaty Act (MBTA) makes it illegal for anyone to take, possess, import, export, transport, sell, purchase, barter, or offer for sale any migratory bird, or the parts, nests, or eggs of such a bird except under the terms of a valid permit issued pursuant to Federal regulations. However, as long as there are no active nests present, there are many non-lethal methods available to landowners that can be used to deter birds. With the exception of eagles and threatened/endangered species, a landowner does not need a permit to use non-lethal methods to haze birds. I would suggest that you review the attached FAQ document put out by Wildlife Services and the Dispersal Techniques document put out by the USDA. They contain management techniques that can be used. View more information and the migratory bird species protected by the Act at <https://www.fws.gov/birds/policies-and-regulations/laws-legislations/migratory-bird-treaty-act.php>.

20 April 2023

The City of Huntsville has been harassing me for decades because I have spent most of my life (I'm 77) trying to protect wildlife and their habitats.

For example, I filed the Federal Lawsuit that resulted in the protection of Red-cockaded Woodpeckers and their habitat. We purchased over 3,000 acres on 12 miles of shoreline and riparian habitat adjacent to Lake Livingston in E. Texas.

We have wild canids, that appear to have a strong Red Wolf gene component that has been studied by scientists from St. Mary's University in San Antonio.

Fighting poachers is a constant battle in E. Texas. My wildlife manager called the Game Warden a few minutes ago, who argues and is really unhelpful, and we recently had to put out another arson fire.

We recently established an urban wildlife refuge and spent upwards of \$100,000 to create a wildlife shelter that blends into the architecture of the neighborhood.

Our refuge backs onto over 10 acres of native forest ecosystems and our wildlife shelter is home to a family of Black Vultures.

The City has been harassing me and threatening me and trying to force me under huge fines and even jail time if I don't kill our Vulture family.

Yesterday we were forced to close all ingress and egress openings in the shelter and had to agree under extreme pressure to harm the birds for no reason except hatred of me and hatred of wildlife. Two city officials harassed my staff and police cars and policemen lied and intimidated me.

The officials came up with more insanity to harass me. I sent my staff over to check on the vultures and one was totally stressed out and attempting to go through the window glass. We opened the windows and the poor bird was able to escape and we left them open so that she can return to feed her babies that we believe are in the attic.

After my court date yesterday, the City gave me a new court date demanding that I harm or kill our vultures.

I want to press charges against the City Manager, Aron Kulhavy, that is orchestrating actual hate crimes against me because I am NOT a Christian. The Chief of Police told me I was going to burn in the fires of Hell and that Jesus likes innocent people to be executed so that they can be with Jesus sooner.

The police allowed and encouraged a gang of druggies to operate a meth lab out of our \$600,000 house that the druggies had invaded and eventually blew the meth lab up which destroyed much of the house, which we spent tens of thousands of dollars to convert into a wildlife shelter

The same police have been protecting the man that murdered our daughter and defrauded us out of at least a million dollars and along with two other men stole \$100,000. The city manager is in charge of the police yet refused to take action to clean up the department.

How can I file criminal charges?

I know that these crimes are not under your jurisdiction, except FORCING ME UNDER THREAT to injure or kill our vulture family.

I would think that forcing a citizen to commit a Federal offense would be a crime. Thus I am hereby making a formal complaint and asking your agency to arrest the city manager for forcing me under threat to harm or kill our vulture family.

We desperately need help from outside law enforcement as even the game wardens are compromised.

Brenda:

It is now official. I filed the deed yesterday and I am providing a copy for you to write the story that I thought was going to be published a couple of weeks ago.

Now you have some real meat to prove criminal intent on the part of Aron Kulhavy and HPD. If Aron had either fired the psycho-religious fanatic or ordered him to arrest the druggies, trespassers, thieves and vandals, the arsonists would not have blown up the house.

The corrupt cops know the names of the arsonists and the names of the witnesses that saw the arsonists start the fire that did over \$500,000 damage.

My actual cost will approach a million dollars plus the stress of Kulhavy's attempts to force me to commit a Federal Crime that could result in a \$250,000 fine and a two year prison sentence.

The people on either side of the house are Russell haters as they are Gibbs Mafia loyalists.

Kulhavy sent inspector after inspector to concoct violations time and time again. The last time with two police cars circling and then one policeman bald face lying, saying he had never been by 1700 S.

The force 9is now under the control of Daryl Slaven, who orchestrated me being assaulted by dirty cops and thrown in jail for zero reason at all.

The photos are at George Russell.net.

The dirty cops refused to arrest the man that murdered our daughter two years ago and refused to arrest the three men that stole \$100,000 from me which is fully documented.

ITEM publisher Rich Heiland, used to live in our rent house at 1509 19th Street and told me that the Godfather of the Gibbs Mafia, Joey Smythe flew down from NYC to threaten him.

I am beginning to wonder is you have also been threatened to not expose corruption orchestrated by Aron Kulhavy.

You are digging a deeper and deeper hole for yourself by allowing Byal to go nuts and strident and lie to my PI and continue to intimidate me and commit what I consider to be criminal acts against me and THE ETHICIAN FOUNDATION.

You have thus COMMITTED HATE CRIMES AGAINST A SENIOR CITIZEN PHILANTHROPIST!!!

Byal is also committing HATE CRIMES and lying!!!

FIRE HIM!!!

Since you are personally responsible for our loss of at least a million dollars and the stress you have caused me and the financial distress you have caused me by MISMANAGING the City of Huntsville, then please write a MILLION DOLLAR CHECK to THE ETHICIAN FOUNDATION. The good news is that it is tax deductible.

But far worse than that you allowed HPD to not only refuse to investigate the torture and murder of our daughter, but gave her killer sole access to the SAFE HOUSE we put her in to protect her. Our lives were threatened if we entered our OWN HOUSE, while her killer was given by HPD, her cell phone, her files that no doubt included her will, her computer, and any and all evidence that would have convicted him.

You were PERSONALLY given the complete file PROVING the theft of \$100,000 from me, that I needed to provide a shelter for our FEDERALLY PROTECTED birds that Byal for forcing me to kill and then pay a \$250,000 fine.

P.S. And her dead body was thrown into the dirt by her killer who should have immediately been taken to jail and the murder site secured, which it wasn't except against me who wasn't even allowed to say "goodby" to our previous, beautiful, genius child.

The autopsy was kept a secret for 8 months and daughter Jane finally tracked it down in the office of an official. She was repeatedly told that the autopsy had not been completed. The reason it was kept a secret is that she had 14 blunt force trauma wounds on her body from having been beaten half to death by her killer and then shot in the heart with the trajectory of the bullet such that she could not have physically pulled the trigger herself unless her hand was forced by her huge killer.

HPD needs Federal intervention to clean our the dirty cops.

This Dodge Ram chronically blocks our foundation's driveway/fire lane. I placed a polite request to not block our driveway on the windshield of his truck and for a few days he only blocked our drive a little, but still unacceptable for safety.

Today he ad blocked it to the point that it would be impossible for any emergency vehicle to enter or leave.

The man owns the T-shirt place and when I asked him if the vehicle was his he became quite hostile and said that HPD told him that it is perfectly legal for him to block our driveway. He then said he called a wrecker company and they told him the same thing.

If HPD did tell him that it is legal to block our driveway, then investigate and fire the corrupt cop. And while you're at it fire Byal for abuse of office, elder abuse, lying and giving the city a bad name and reputation. HPD allowed the druggies to operate out of 1700 Ave S and would do nothing about it.

Since the chief used his religious psychosis to punish me, the druggies blew up the meth lab in the basement and then Byal started endless harassment of me causing me to spend another \$100,000 to make the hostile neighbors on either side happy which never happened because both neighbors are loyal to my political adversaries. One chronic complainer came to my office and told my office manager that she makes harassing me a hobby.

Your failure to control HPD has cost me at least a million dollars and has damaged my health due to emotional as well as financial abuse from Byal that never lets up. He and his flunkies make up new nonsense repeatedly after I have been told time and time again that all is aok, especially for a wildlife shelter.

Now Byal is saying the shelter is a residence for humans!!! FIRE HIM, FIRE HIM, FIRE HIM.

ghr

P.S. Tell HPD to ticket the offending vehicle and then have it towed if he ever blocks our driveway again even if only slightly.

There were 15 empty parking spaces in front of his store and beyond toward our driveway by the pawn shop. Smither has criminally trespassed multiple times and vandalized our trees and shrubs, even killing a huge tree that shaded David Zellar's temple. HPD would not do anything to stop the destruction when I called them but two cop cars circled the block at 1700 S and then lied about it. Maliciously using cops to harass me is a crime in my opinion.

Kevin Byal and another person came to the Ethician Foundation's \$600,000 wildlife shelter around 10 am today. Kevin has been harassing me for months, with threats of jail and large fines unless I committed A FEDERAL CRIME IN VIOLATION OF THE 1918 MIGRATORY BIRD ACT.

It is obviously a set up to force me to commit the Federal Crime so that I can be forced to pay a \$250,000 fine and spend two years in jail.

The CRIME is that I believe it is illegal for a public servant to harass and try to force a citizen to not only lose \$600,000 because HPD refused to arrest a gang of druggies that had trespassed into and destroyed the interior of our house and two KNOWN ARSONISTS started a fire that blew up and destroyed much of the house.

There were witnesses to the arson and yet HPD refused to arrest the criminals. The chief hates me because I AM NOT A CHRISTIAN and then he told me I was going to burn in the fires of Hell. That for of religious discrimination is a FEDERAL HATE CRIME in my opinion Maliciously refusing to keep 1700 Ave S safe was dereliction of duty, and it includes the entire department.

Go to www.georgerussell.net and see me being assaulted by dirty cops. The leader appears to be the new chief of police.

Time and time again we were threatened to do more and more after we had repeatedly done everything asked for.

Aron and Byal have both been in serious violation of the City's rules of conduct and both should be FIRED TODAY!!!

Malicious refusal to replace the extremely dangerous public sidewalk with a handicap friendly sidewalk as promised by Kulhavy around 4 years ago is a violation of Federal Law.

Today is my 78th birthday and we have to bury a guy today in one of our green cemeteries so starting my day off with Byal becoming aggressive and then threatening me with, "I'LL SEE YOU IN COURT!!!"

I have on tape, Byal telling me to "get the building CLOSED UP" which would cause the parents to abandon their baby so that it would starve to death.

I can only hope that this evidence causes the US FISH AND WILDLIFE SERVICE to arrest Byal for making that threat once again.

For many, many years I have made formal complaints about Danny Pierce's public nuisance and eyesore right on Sam Houston Ave and so far I have seen no evidence of orchestrated harassment.

We were even forced to paint a board at the back of the animal shelter that no one could see unless they managed to get to the back of the habitat and I'm too crippled to even try to do that.

MEMO FOR RECORD

23 May 2023

Awhile back, maybe a month or two, I left a message at the Law Enforcement Division of US Fish and Wildlife Service and never heard from anyone.

So today I called the office in Albuquerque N.M. that is in charge of Texas Law Enforcement.

The lady was very nice and told me to call their office in Houston at 936-271-2250.

Another lady answered and told me that she is in charge of all agents in Texas so doesn't have time to stay on top of all investigations.

She then told me to call Heather Green at 985-201-9051. (heather_Green @ FWS.GOV).

She told me that she was aware of a complaint on the same subject but didn't know its status.

She said that she would call the investigator and check on the status.

I thanked her told her that I am supposed to go to court on Thursday and that all that needs to happen is for

Aron Kulhavy 936-291-5411

and

Kevin Bayal 936-294-5772

and tell them to stop harassing me and trying to force me to commit a Federal Crime, with fines of up to \$250,000 and up to two years in jail.

I believe that it must be a crime for a public servant to attempt to force a citizen to commit a crime.

CEASE AND DESIST FROM COMMITTING FURTHER HATE CRIMES AND ELDER ABUSE AGAINST ME!!!

I got a hate letter from somebody named Merchant threatening me.

I do NOT own 1700 Ave S.

I do NOT like being threatened repeatedly, and this false threat may meet the definition of a FEDERAL HATE CRIME.

1700 Ave S, which was destroyed by a gang of druggies that where protected by HPD.

HPD knows who the arsonists are and knows the witnesses names yet only THREATENS me.

The City of Huntsville owes us at least \$600,000 in damages due to HPD malfeasance and protection of druggies and the meth lab that was set on fire and blew up much of the house.

HPD furthermore knows who slaughtered our daughter and has had full documentation in regard to the three people that conspired to steal \$100,000 from me and refuses to make any arrests or at the very least force the perps to give me back my stolen money.

The case if getting ripe.

18 June 2023

Keith Merchant is harassing me in violation of various statutes and policies of the PENAL CODE as well as serious violations of the CITY OF HUNTSVILLE POLICY AND PROCEDURES MANUAL.

He filed a bogus complaint against me about a property that I was forced to donate to a 501(c)3 OPERATING FOUNDATION due to HPD malfeasance and failure to take action against a gang of known druggies and known arsonists that destroyed our \$600,000 house at 1700 Ave S.

Then I was repeatedly harassed and threatened by Kevin Bayal who unlawfully tried to force me to commit a FEDERAL CRIME that carries a penalty of \$250,000 and up to two years in jail. I had to spend another \$100,000 to make the ruins architecturally beautiful in contrast to Danny Pierce's slum building that has disgraced Huntsville's main street for decades and the dozens of other slum properties across town.

Merchant is well aware of the fact that I do NOT own this property but threatened me anyway about an alleged weed on the grounds of the nature preserve.

ILLEGALLY targeting a senior citizen philanthropist to force me to defend myself in Municipal Court is a crime in my opinion.

Merchant's violations of the PENAL CODE include Sec. 39.02 and Sec. 39.03 OFFICIAL OPPRESSION (a) (1),

Merchant is in EGREGIOUS VIOLATION OF City of Huntsville Policy and Procedures Manual especially 12.02, CODE OF ETHICS: A, B, C, F: 2, 3, 4, 6.

These SERIOUS VIOLATIONS of STATUTES and POLICY should result in a COMPLETE AND THOROUGH INVESTIGATION into failure to act to keep Ave S and surrounding blocks safe from criminal activities, especially since my PI informed me yesterday that Aron Kulhavey walks his dog in front of 1700 S and thus had to be aware of the gang of druggies and their activities in the neighborhood.

In my opinion the CHRONIC ELDER ABUSE and HARASSMENT should result in the TERMINATION of all three PUBLIC SERVANTS.

Certain citizens are NEVER arrested for criminal trespass, arson, criminal vandalism and even murder while I have been victimized by public servants since 1968 when at my home of record.

P.S. Please order Merchant to withdraw his false complaint about alleged weeds in the yard of an URBAN WILDLIFE SHELTER and BOTANICAL PRESERVE.

There is signage that explains that there is \$1,000 reward for the arrest and conviction of anyone damaging native vegetation and/or other offenses.

If the complaint originated from any of the hate filled neighbors, then this is a formal request to have them arrested for filing a false complaint.

Keith Merchant is harassing me in violation of various statutes and policies of the PENAL CODE as well as serious violations of the CITY OF HUNTSVILLE POLICY AND PROCEDURES MANUAL.

He filed a bogus complaint against me about a property that I was forced to donate to a 501(c)3 OPERATING FOUNDATION due to HPD malfeasance and failure to take action against a gang of known druggies and known arsonists that destroyed our \$600,000 house at 1700 Ave S.

Then I was repeatedly harassed and threatened by Kevin Bayal who unlawfully tried to force me to commit a FEDERAL CRIME that carries a penalty of \$250,000 and up to two years in jail. I had to spend another \$100,000 to make the ruins architecturally beautiful in contrast to Danny Pierce's slum building that has disgraced Huntsville's main street for decades and the dozens of other slum properties across town.

Merchant is well aware of the fact that I do NOT own this property but threatened me anyway about an alleged weed on the grounds of the nature preserve.

Now we have proof positive of elder abuse, and violations of both State and Federal laws by K. Merchant, Kevin Bayal and Aron Kulhavy. I am sick and tired of the lies, harassment, and hate crimes coming from City Hall and especially from HPD for allowing a known convicted druggie to invade our \$600K house at 1700 Ave S and REFUSE to arrest the druggies and later refuse to arrest the arsonists because I am NOT a Christian.

Please terminate employment using tax dollars of Merchant, Bayal, and Kulhavy for serious abuse of citizens, abuse of tax dollars, and disregard for the law.

Maybe Pete Sessions will call for an investigation by the FBI.

This is just a quick review and research of the the matter involving special districts. I will continue to research the matter. It is a very interested topic to me.

Brenda,

I encouraged Robbie Logan to file for the Ward One position on City Council, especially due to the loss of Daiquiri Beebe, who was despised because she was ethical and questioned some of the really bad and dishonest decisions being made by puppets of the oligarchy.

After HPD allowed a gang of druggies to operate out of our \$600k house at 1700 Ave S and then began harassment of me that cost us over \$100K plus the total loss of our property value, Robbie, in his role as my PI helped me buffer the haters, including and especially the orchestra leader, Aron Kulhavy, the new corrupt Chief of Police, the absolutely corrupt Mayor and Kevin Bayal. Kulhavy walked his dog in front of the house on a daily basis so knew full well that it was a druggie den.

I had gone to his office to ask him who hired and fired the Chief of Police and said it was his job. I then asked to fire the Chief for using his psycho religious extremism to allow druggies to operate out of our house. Kulhavy was in violation of religious hate crimes for protecting the Chief and allowing the druggies to blow up our house because I am NOT a Christian.

So Robbie filed and the obviously corrupt City Secretary, Kristy Doll, sent him a letter, quoting a big lie, that he was ineligible to be on the ballot.

Yesterday, my research proved that Robby was indeed eligible and that because of his association with me the City did NOT want anyone on Council that is honest.

This is the kind of story, that when the print media was strong would have been front page news. I recognize the current difficulties that print media is facing but am hoping that there is a way to expose just some of the corruption that has ruled Huntsville for over a century.

The fact that our precious daughter was murdered and her killer has been protected by HPD ever since she was killed and then walked away with over \$2 million immediately and was granted 100% of her property and community property is the worse thing that the oligarchy has done to me after

having endured over half a century of hate and hate crimes.
